Licensing and Ordination are offered as a part of the **Apostolic Resource Community** within the ARC. The **Apostolic Resource Community** provides mentorship, training, resources, and licensure for those seeking to focus on a part-time or full-time role in Kingdom Ministry or Marketplace. ***This process can take anywhere between 6 months – 1 year (License) 2-3 Years Ordination***

Quarterly Group Meetings are held, along with Monthly one-on-one mentoring sessions. Additionally, the ARC offers a variety of workshops and training opportunities throughout the year.

Licensing

Licensing a minister typically involves reviewing their current license, followed by discussions around their background and other relevant topics. If they are already licensed, the current license is usually accepted, and/or adjustments are suggested if they are going to walk in Accountability with the ARC.

If not licensed but expresses a desire to be, their background, length of years in ministry, ministry resume, and experiences are considered, along with any recommendations by Ordained Pastors/Apostles, preferably someone personally known. If there is a lack of confidence in their readiness after the above, they walk together with the ARC for 6-12 months, assisting with some type of project at the ARC, allowing time for observation.

After licensing, there is generally a 2-3 year period until Ordination, if desired.

Ordination and Commissioning

Ordination indicates that the individual is being set into an Office, has fulfilled any training/requirements of that office, and has demonstrated through their actions that they are truly Called into that Office.

Commissioning indicates that the individual has their assignment and is ready to move forward. They may remain on staff at the ARC, or in the case of Ordination and Commissioning, they are launched into their God-Given assignment/ministry.

Between the licensing and ordination phases, training is provided on areas that may be lacking, based on any previous training the person has had and anything specific to the understanding, core values, and beliefs held at the ARC. Additionally, anything specific to an Office they believe they are called to is included. For example, if someone feels they are called to the Office of a Prophet, additional training, reading, and work is done specific to that Office. Others within the Ministry or ARC Community sometimes assist with this training. When an individual is not coming on staff with the ARC, additional training would be based upon the protocols of their home ministry or their own ministry if they are launching one. In those cases, others might be involved with or provide the training.
