INSURANCE FILING AND FINANCIAL ARRANGEMENTS

We are committed to providing you with the best possible care. In order to achieve this goal, we need your assistance and understanding of our payment policy:

- Office Visit: If billing insurance, co-pay may be collected on the day of service. If not, you will receive a bill.
- Vein Procedure: If billing insurance, deposit may be collected for each procedure that will be applied towards your co-insurance or deductible. You will be billed for the remainder if due, or refunded if applicable.

It is imperative that you understand your benefits and how your insurance company will assist in paying for your medical treatment, as you will be responsible for all non-covered procedures and/or co-pays. The direct billing of your insurance company is a courtesy we provide and not a responsibility. **Please note that while we are able to assist you in understanding your benefits, we are not responsible for nor do we authenticate the information they provide.** Our office will contact your insurance company to verify eligibility and benefits but this is not a guarantee of payment of services. We highly recommend you contact your insurance company directly for a complete understanding of your benefits.

In the event that your insurance does not cover services and if you require financial assistance, please speak to office staff regarding possible payment program. Failure to contact the office to set up payment arrangements or to pay account in full within 90 days will result in a submission to a collection agency or Accounts Receivable Recovery Attorney. Should your account go to collections or to the attorney's office, you will also be responsible for interest and penalties including, but not limited to, charges from the collection agency and or attorney's fees, and court costs.

We are currently participating with most major insurance carriers including:

Aetna BC/BS Cigna Florida Health Care Humana Medicare United Health Care
