Facebook

Human dignity  
torn and tarnished.  
A violin  
without any strings.

When I first joined Facebook a few years ago - it was a relatively harmless 'over the fence' gossip type of site - with political comments of the barroom kind. In Australia the naive still supported Bill Shorten - as leader of the ALP - unaware that he had sold out to the LCP.

Obama amazingly had a lot of support. NATO had bombed Libya to rubble. US mercenaries - Al Qaeda - lynched President Gaddafi. Those who dared to see through Obama's glib histrionics - and say so - were accused of being racist. The US had been getting away with murder ever since WW2 - but we didn't know it back then.

There was nothing intellectual about Facebook. It was mostly bottom of the drawer opinionated bigotry and bias - though harmless - and hardly entertaining. It was easy enough to block your enemies - or delete lines you didn't like. Facebook then was good at remembering birthdays and anniversaries - and still is.

But things have changed. Facebook now is a hunting ground for predators. I took the opportunity to post a number of short political essays - to publicise the truth - and explore the lies being published and broadcast by the mainstream media - in collaboration with the governments of Australia and the US. The US covered up its history of destabilisation - exploitation - and terror - since WW2 - by hypocritically pretending to be a two party democracy.

I pointed out that the US hated democracy - and had destroyed the economies of nations that dared to represent the people - throughout the Middle East - South America - Yugoslavia - Africa - and parts of Asia.

For a time my posts received no attention whatsoever - but I persevered - and kept reposting them

The comments on Facebook were mainly about US warmongering and corruption. Even Americans appeared to be waking up to the lies and hypocrisy of their government - and in particular - the disastrous reign of Donald Trump. A matter of great concern was the incarceration of Julian Assange and to a lesser extent - that of Chelsea Manning. Lee Camp provided superb stand up political satire.

Then people began liking my posts in ever increasing numbers. I began a program in which I invited Facebook friends to read and hopefully like my posts.

Early on I was overwhelmed by friends who had no wish to read my posts. Instead they wanted some sort of relationship - and some even called me dad. Numerous young women propositioned me - by initially asking if I had hangouts - even sending me their telephone numbers and explicit sexual images and videos.

## **'SONGBIRD' McCain:** US News & World Report from 1973: (before internet)

Google: "McCain in Captivity" for all you can stomach of this bogus Media Made Zero.

### **THE EVIDENCE – IN HIS OWN WORDS, HIS FELLOW VETERANS, AND HIS CAPTORS**

Retired Army Colonel Earl Hopper, a veteran of World War II, Korea and Vietnam, contends that the information that McCain divulged classified information North Vietnam used to hone their air defense system. . . McCain told his North Vietnamese captors, "highly classified information, the most important of which was the package routes, which were routes used to bomb North Vietnam. He gave in detail the altitude they were flying, the direction, if they made a turn. . . he gave them what primary targets the United States was interested in." Hopper contends that the information McCain provided allowed the North Vietnamese to adjust their air-defenses. As result, Hopper claims, the US lost sixty percent more aircraft and in 1968, "called off the bombing of North Vietnam, because of the information McCain had given to them.

**I'd call him a  
Yellow Bellied Sapsucking Traitor.**

To try and control my program - I stopped accepting many females as friends - but it was unsuccessful - because most of the males I accepted in good faith as Facebook friends - were not interested in reading my posts - and tried to start relationships - despite my request that they read and hopefully enjoy my posts - that I regretted I didn't have time to chat with them - and that it was not a socialising site.

Despite these problems my posts were being read - and I was flat out for several weeks thanking readers.

I closed the program - mainly because of the nuisance factor - of having to deal with so many friends who only wished to chat - propositioning me - get financial help - or help to emigrate to Australia.

The hardest part was dealing with people from Gaza - who were genuinely cases of hunger and poverty - and I couldn't help them. There were also genuine cases of poverty from people in Africa. Some couldn't get work - students couldn't afford to pay the fee to sit for exams - or who couldn't continue at school because of poverty - caused of course by US destabilisation and exploitation. The governments were corrupt and not interested in helping the people. Democracy was not allowed to exist in Africa. I had mistakenly thought China may have invested in Africa - and help lift the economy.

Despite having closed the program - I was kept busy thanking those who liked my posts - when I got blocked. To get back again - I answered a puzzle correctly - but got blocked again.

Apparently my correct email and password were not sufficient confirmation. It seemed I was being deliberately banned. Why? Probably because the truth is anathema to the establishment - and Zuckenbergr represents American values - which are based on lies - disinformation and propaganda.

Nevertheless I am grateful to Facebook for the exposure. I did manage to publish the truth and expose the media's hypocrisy - propaganda and lies - to not enough people - but the seeds have been sewn.

Facebook is a dangerous place - particularly for young people. Unless you personally know your friends - making friends with strangers can be perilous - for Facebook is indeed a hunting ground for predators.

Most Facebook followers appear to be only interested in themselves - with no social conscience - and very few moral principles or ethical standards. Friendships are superficial. This is not surprising in a world of economic and social decay - where many have to graft a living - because there is no government help for those in need.

Africa has been raped. The great destroyer has been the US - which has laid waste to much of the world - while hypocritically pretending to be free and democratic.

This has resulted in an increase in ghetto dwellers - an increase in crime - and incarceration - an increase in the disparity between the mega rich and poverty - and an increase in the homeless - because social welfare can't cope without a viable healthcare system.

Facebook reflected this in the attitude of its followers. It is full of selfies and selfishness - because that's all many of them have left. Are we already slaves to the New World Order?

**AUTHOR'S NOTE:** *I decided to use Facebook to promote my essays and poetry. Purely selfish. I wasn;t there to help anybody - except me - and surprisingly I got away with some very harsh criticism of American foreign policy - of the more than seventy odd years of infamy since WW2. I was posting essays - and getting a huge number of followers - most of whom were not interested in my material - but were seeking relationships. It was hard to keep the women at bay. The young ones were the worst - from all over the world . If I were younger I would have become a Casanova or a Dun Juan - because many were beautiful babes - which surprised me - and I thought there must be a drought of young eligible men - because I was 88 years old. Anyway - eventually I had to block all women as friends - because I couldn;t cope. I did have some loyal young women - who actually read - and liked - my posts. I also made friends with some Africans who - like the poor Palestinmians - were suffering from food shortages - which worsened due to the pandemic.. I regret having lost them - when Zuckerberg - or his reps - decided to block me. I did try to get back - but failed. I have been effectively blocked and have no wish to rejoin.*
