OTHER RESOURCES

ETSY

Etsy is a site for crafters and artisans to sell their products. Each shop is individually owned and managed so prices, products, and availability varies. Read descriptions and shipping costs and times very carefully.

RADIANT SHENTI, LLC

Juli Kramer, owner of Radiant Shenti LLC, has contacts with manufacturers in China, and can assist you in purchasing PPE. You can email her at juli@radiantshenti.com or call her at 720-352-9347

Social media is a great resource for finding masks in your area. Check out your local Next Door page or Facebook group to see if anyone in your area is making masks.

Non-medical grade, cloth masks are available for essential businesses from your municipality. Each municipality was offered an allocation of **washable and reusable cloth face coverings** as a percentage of their overall population of Westchester County. The chief elected official of the municipality may allocate within their jurisdiction as they see fit. **Priority should be given to areas with high levels of foot traffic or public interactions** to maximize the number of masks provided directly to members of the public. These organizations and locations may include: grocery stores, public transportation, gas stations, convenience stores, child care programs, government owned buildings, parks, food banks, and more.
