## Greetings from your Lake President

October greetings!

As autumn weather is closing in, I hope everyone is enjoying the cooler nights.

Hopefully a few more boat rides and some good fishing days are still ahead.

The monthly coffees have been successful as have the monthly clean

up days. We need to keep rallying together to make these events a success, volunteer where you fit in and join groups that work for you. It takes all of us to make this lake a great place to live and to keep improving the quality of lake life.

Charles Pattee

## Office Remodel

The office remodel is progressing. The back room and bathroom are completed. The heater is up and running just in time and drywall in the main area is all up and ready to be taped and textured. Just a reminder, it is all being done with donations and no assessment are being used on this project. If you would like to donate, please contact the office.

## Spillway Project

The board has approved getting bids on the bottom and top of the spillway. The lake may have to be lowered as much as 3 feet. If so, we will post it on the bulletin board by the mail boxes, office, website and Face Book.
