PRESIDENT'S LETTER

I want to thank those who attended the most recent board meeting at the shelter house. It has been a few months since the board has been able to meet during this continuing COVID-19 pandemic. It was good to see everyone and I appreciate those who set up the shelter house for the meeting so we could practice

social distancing recommendations as set forth by Missouri Governor Mike Parson. One of our biggest issues at the lake is roads and drainage and the limited funding the lake has to address those issues. We are currently over budget on road rock and will have to wait for the new budget in July to continue to put additional rock on roads. I want to remind everyone who uses the trash dumpsters: furniture, appliances, mattresses and other items are not allowed. Household trash that you would normally put in a household trash can is all that you are allowed to put into the dumpsters. We will be looking at the camera system to identify those who are violating the policies set forth in Leisure Lake by-laws and take appropriate action. I encourage everyone to stay safe under the current circumstances and work with us as we strive to make living at the lake and visiting a pleasant experience. Help us enhance the lake's natural beauty by cleaning up your properties or help your neighbor clean their property if they need assistance. Reminder quiet hours at the lake please refer to the by-laws with respect for those who live at the lake and have to work the following day by parking your four-wheelers and turning down your loud music. Please also keep your dogs confined to your property. Enjoy the summer and practice social distancing as much as possible.

Election

If your assessments were paid off by May 31st, you will receive a ballot inside the envelope included with this mailing. Please complete and mail or drop off the ballot at the office. Ballots must be received before the annual meeting.

Burning Brush

As you clear off your brush this year, please burn on your own property. The brush pile by the scrap metal trailer is for brush on Lake properties and on right of way of the roads only.

Boating Reminder

Now that summer is just about here, just want to remind everyone that there is no wake on the lake between the hours of 6 pm and 10 am. This is the time reserved for the fishermen. There is no wake past the buoys or in the coves. The fishing guidelines are listed by the boat docks, on the website and in the by-laws.
