

Tasty Snacks, Inc.®

Tasty Snacks, Inc.® is proud to supply the world's best seasoned pretzels to hungry consumers throughout the US, via a robust, reliable, and efficient distribution network.

The world's best seasoned pretzels are manufactured in Minnesota by Von Hanson's Snacks®; and we believe they are the best tasting pretzels on the market, with seven delicious flavors to choose from.

Your savory options include: Dill Ranch, Parmesan, Zesty Herb, Smoky Barbecue, Tangy Mustard, Hot Buffalo, and Cinnamon Crunch. These pretzels have a deeply toasted crunch. The addition of sea salt heightens the delicious flavor.

The Von Hanson family began their journey in making world-class snacks with a foray into the meat snack business in 1984. This served the family well as they adhered to a commitment to superb product quality and first-class customer service, which has been their secret to success for over 35 years.

In October 2017, the family embarked on a new venture, "Von Hanson's Snacks Seasoned Pretzels®", which rapidly grew throughout the upper Midwest and some Northern states as well.

Tasty Snacks, Inc.® is convinced you won't be able to eat one of these pretzels without wanting to eat the whole tub.

They say: "nothing goes better with beer than pretzels." If that's true, Tasty Snacks, Inc.® is pretty confident that nothing will go better with your beer than a tub of our Von Hanson's Snacks Seasoned Pretzels®.

Look for them at your favorite grocery store, tap room, and other snack food outlets.

And by all means, stay hungry my friends.
