V4500

Framing home in a new light

The path to perfect windows and doors has never been more clear. From tranquil mornings to lively family dinners, MI seamlessly connects you to what matters most: windows and doors that frame life's most meaningful moments.

As a trusted brand for more than half a century, MI offers products that promise long-lasting comfort, protection, and exceptional quality day after day, year after year.

EXPERIENCE IS EVERYTHING

Our experts match you with attractive, reliable windows and patio doors that best fit your home, your needs, and your price point.

CONFIDENCE TO CREATE

We deliver the highest-quality windows and patio doors through our passion for craftsmanship and a relentless pursuit of 100%.

EVERY DETAIL, EVERY DAY

From robust testing and precision manufacturing processes to the innovations we develop for your comfort, every detail matters.

100%

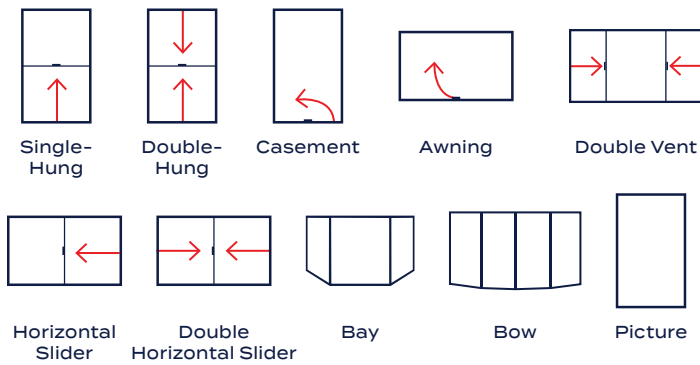

WHY WE'RE THE RIGHT CHOICE.
MI offers beautiful, worry-free windows and patio doors to frame each of life's little moments. Our exacting manufacturing processes and the innovations we develop mean you get reliable windows and doors that perform year after year. With MI, you'll receive a level of service and quality others simply can't match, backed with an industry-leading warranty.

Bring your home to life

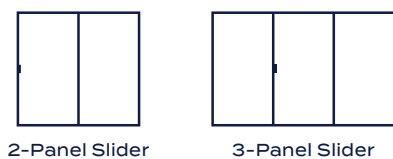

Complement your style and taste with windows and doors from our Sunrise® Series V4500. Stylish, hand-crafted, and energy-efficient, Sunrise® Series products are designed to be functional and enhance the views from inside and outside your home. Your home is your biggest investment. Give it the curb appeal and performance it deserves.

DESIGN OPTIONS

Beauty and variety

The V4500 is a comprehensive product line that contains a full range of windows and patio doors. You can easily replace every opening with products exclusively from this series.

See our entire Sunrise® Series offering online!

PERFORMANCE

Energy efficiency

With a warm-edge spacer system, Low-E glass, and argon gas fill, our windows and doors provide superior energy performance.

Customization for you

Our Sunrise® Series V4500 windows are hand-crafted to suit your needs. With narrow profiles that create maximum viewing areas and a wide range of aesthetic options, you can select windows and doors that will complement your home's style. All this while offering thermal packages to maximize energy efficiency.

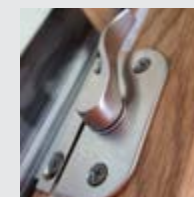

BEAUTY YOU CAN CUSTOMIZE

Get the benefits of a vinyl window with standard features and custom options that bring the beauty of traditional wood windows to your home.

- **Coved glazing beads.** Our coved interior glazing beads add extra detail to elevate the style of our windows.
- **Woodgrain finishes.** Choose from six durable, low-maintenance options, or select our paintable, stainable finish to custom match your home's interior style.
- **Architectural hardware.** Select standard hardware that matches your window's interior, or opt for an architectural finish for eye-catching detail.
- **Exterior colors and paints.** From basic black to ruby red, we have a spectrum of vinyl, capstock, and painted options.
- **Custom interior trim.** Finish the look of your new windows with our specialty all-wood trim that tips in during installation, no additional, finish carpentry required.

“I MUST SAY THE WINDOWS ARE WELL WORTH THE MONEY. THEY LOOK VERY NICE AND HAVE SAVED US A TON OF MONEY ON OUR ENERGY BILLS SINCE 2015.”

Rose City, MI

Options made to suit you

Quality replacement windows and doors can keep comfort in and weather and noise out, while improving the energy efficiency of your home — and enhancing its curb appeal. Our replacement windows are simple to install, easy to maintain, and feature numerous style and color choices to suit your style.

Double Hung

- Minimal maintenance and easy operation with tilt-in feature, contoured lift-rails and pre-tensioned, dual pulley block-and-tackle balance system
- Advanced, triple weather-stripping seals for top efficiency performance
- Polyurethane window frame insulation provides added comfort and the ultimate in energy efficiency
- Added security with recessed pick resistant locks

Single Hung

- Similar interior appearance to the double hung window, with coved interior glazing bead and recessed locks, but only one movable sash
- Lower sash offers tilt-in feature, contoured lift-rails and pre-tensioned, dual pulley block-and-tackle balance system
- Advanced, triple weather-stripping seals maximize efficiency

Horizontal Slider

- Polyurethane window frame insulation provides added comfort and the ultimate in energy efficiency
- Standard sliding windows provide easy, lift-out sashes
- Dual brass rollers featuring a stainless steel axle for years of worry-free performance
- Three-section configurations available with lift-out operation style

Casement

- One of the industry's lowest air infiltration rates
- 1 3/8" overall triple glazed insulated high performance glass package option available
- Optional deeper performance sash allows for the combination of Energy Star qualifying glass system with SunBlinds®
- Stepped internal and contoured external design maximizes the beauty while minimizing the appearance of the frame and sash
- Low profile, single-lever locking handle controls up to three locking points for added security
- Squareness ensured through adjustable hinge system
- Dual weather-stripping system with compression and primary weather seals protects against drafts

Awning

- Optional 1 3/8" overall triple glazed insulated high performance glass package
- Contoured external design and stepped internal maximizes the beauty while minimizing the appearance of the frame and sash
- Added security via two low-profile, locking handles which control a single point lock bar
- Squareness ensured through adjustable hinge system
- Dual weather-stripping system with compression and primary weather seals and protects against drafts
- One of the industry's lowest air infiltration rates

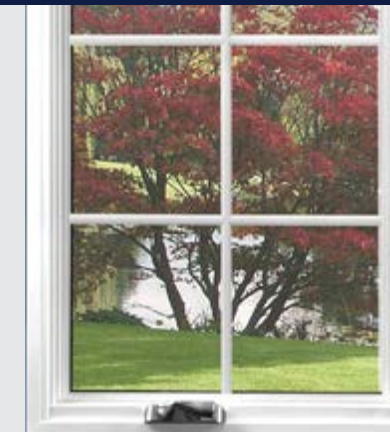

Specialty Shapes

- Add distinction to your home's appearance inside and out
- Can be configured with various, operational windows and/or patio doors
- Standard geometric shapes include:
 - Full Circle
 - Circle Top
 - Circle Top with Extended Legs
 - Eyebrow
 - Eyebrow with Extended Legs
 - Octagon
 - Trapezoid
 - Pentagon
 - Quarter Round
 - Triangle
 - Architectural Single Hung
- Custom sizes and shapes available

All Sunrise Collection™ windows feature slim-line window design, providing noticeably greater glass area than any competitor

SUNRISE® SERIES V4500

Create unique spaces

In addition to the most popular window styles, the Sunrise® Series V4500 also offers specialty windows and options that allow you to create a look and a space that is distinctly yours. Whether your home has a style that is classic or cutting-edge, you can custom design the window that fits right in.

DIMENSIONAL WINDOWS

Bay windows
 • 3 equal units, 2 narrow and one wide

Bow windows
 • 4, 5, or 6 unit configurations

Garden windows
 • One unit with small, venting sides

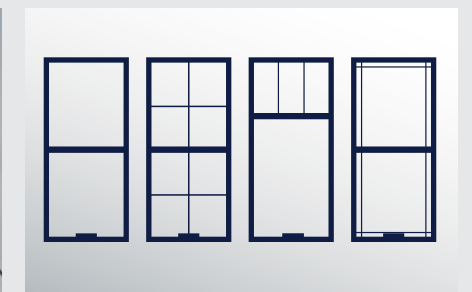

TRADITIONAL ACCENTS

Premium interior trim
 • Furniture-grade solid wood
 • Pre-finished and pre-assembled
 • Variety of profiles, stain colors, and casing styles available

Simulated Divided Lites
 • Dimensional grid on the surface of the glass inside and out
 • Spacer bar between the glass mirroring the SDL increases authentic appearance
 • Variety of patterns available

Simulated Meeting Rails
 • Adds hung-window appearance to casement and awning units
 • Combine with grids for traditional, craftsman, or modern appearance

FRAME OPTIONS

Buying windows doesn't have to be complicated. MI makes it simple, from the planning stages through project completion. We'll help you understand which frame type suits your project and home style.

Nail Fin

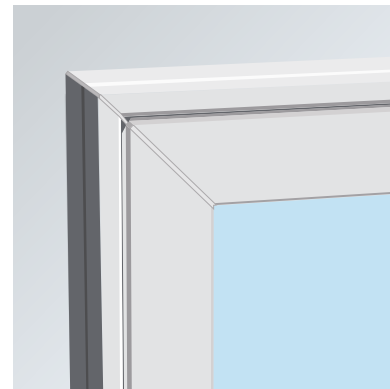

The nail fin is attached directly to the house's frame in new construction and replacement projects where studs are exposed.

Flange

This configuration comes with a flange on the exterior of the window to cover and seal the frame on homes with stucco.

Finless

Commonly used for replacement projects, this window inserts into your existing frame leaving interior and exterior trim undisturbed.

EXTERIOR BRICKMOULD

Our vinyl brickmould options are a long-lasting, low-maintenance way to enhance the beauty and curb appeal of your home. You'll be the envy of your neighborhood with any one of these brickmould exteriors.

2 Inch Milled with Sill Nose Configuration

2 ¼ Inch Sloped with Picture Frame Configuration

OUR APPROACH

Our windows insulate as well as elevate, tirelessly working to seal out the elements and create homes that are protected, comfortable, and quiet. The path to perfect windows and doors has never been more clear.

Window features

1 VINYL FRAME

Crafted with an exquisite eye for detail, the V4500 windows will allow you to enjoy low-maintenance, high-performance vinyl with long-lasting comfort.

2 VIEWING AREA

Thanks to their narrow frames, the V4500 windows boast a large expanse of glass, giving you 27 percent more viewing area.

3 EXCEPTIONAL DETAIL

Double-contoured, narrow-line window design emulates the look of traditional wood-frame windows.

4 ENERGY EFFICIENT

Tested and built for your climate, our windows and doors meet or exceed ENERGY STAR® requirements for energy performance.

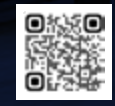

5 LIFETIME NON-PRORATED TRANSFERABLE WARRANTY

Lifetime warranty guarantees coverage over the full window: the frame, hardware, moving parts, insulated glass, and screen.

LOCKING SYSTEM

Hidden security

Each V4500 sliding glass door is equipped with a concealed three-point locking system that simultaneously engages with the door jamb when the door is closed and locked.

See our entire Sunrise® Series patio door offering online!

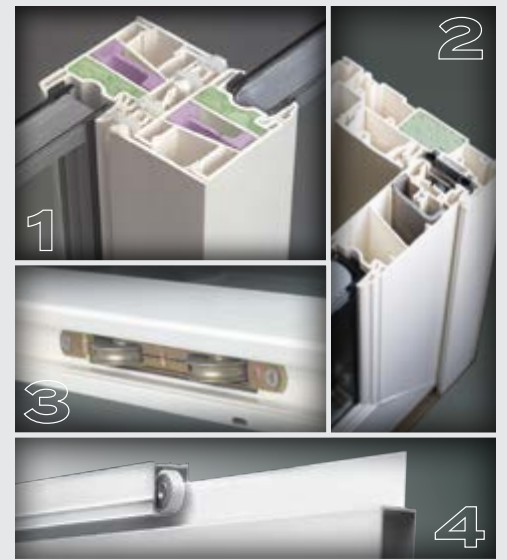

Create seamless transitions

The V4500 sliding glass door will open up your home in all kinds of ways. You'll relish the amazing views and abundant natural light entering your space. Our door panels glide effortlessly on twin tandem rollers, and house a three-point locking system for greater security. Add optional blinds-between-the-glass for enhanced privacy, easy maintenance, and light control.

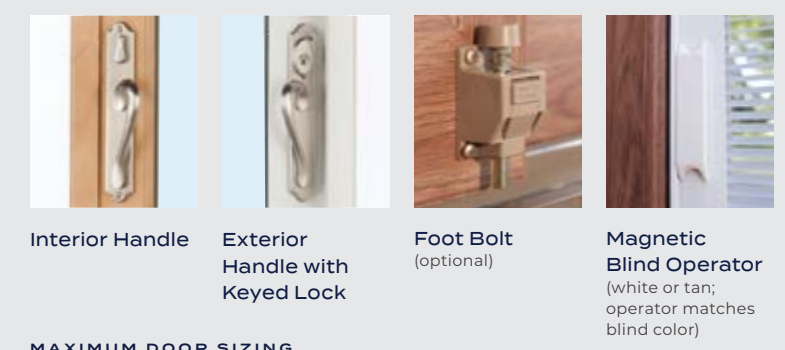

BUILT TO PERFORM

The V4500 sliding glass door is packed with features that deliver life-long comfort and performance:

- 1 - **Structural Meeting Rail.** Incorporating FiberCore™ reinforcement, clash-free interlock and UltraCore™ insulation provides strength and efficiency.
- 2 - **Galvanized steel lock stile reinforcement.** This dual-purpose feature increases structural strength and resistance to thermal deflection.
- 3 - **Twin tandem, oversized steel rolling system.** 1 ½" diameter wheels deliver decades of undisturbed operation.
- 4 - **Top hung screen.** Provides smooth, trouble-free operation with no hang-ups.

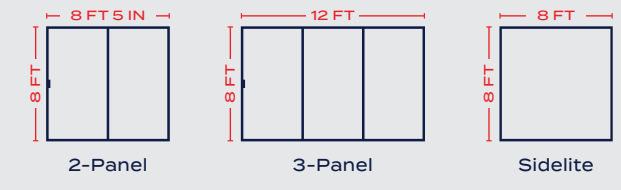

HARDWARE

HARDWARE FINISHES
Choose the hardware finish that complements your door panels or coordinates with other hardware in your home.

MAXIMUM DOOR SIZING

Custom door sizes and varying configurations of operating and fixed panels are available; please consult your Sunrise Collection™ dealer for lead times and details.

Reflect on endless possibilities

Your home is a reflection of you. Make a statement with finishes and glass, and grid options that harmonize with your home's look and style.

See even more Sunrise® Series customization options online.

INTERIOR FINISHES

Solid vinyl extrusions offer even color distribution inside and out for windows and doors that are timeless, durable, and attractive.

Painter's White Tan Balanced Black Norwegian Maple Golden Oak

Our laminate woodgrain finishes resemble real wood with a worry-free finish that is easy to clean and fade resistant.

Provincial Oak Brazilian Pecan Colonial Cherry English Walnut Raw Pine Paintable/Stainable

EXTERIOR FINISHES

Complement your home's exterior style with your choice of vinyl, capstock, or painted exterior. Our vinyl and capstock finishes are low-gloss, smooth surfaces, while our paints are nearly matte, textured finishes. Custom paint matching is available. Please consult your V4500 dealer for details.

Black Paint Antique Brown Paint Royal Brown Paint Mystic Gray Paint Vintage Linen Paint

Painter's White Tan Earthtone Capstock Sandstone Capstock Custom Color Paint

On-screen and printed color representations may vary from actual finish colors.

GLASS

Select Low-E glass or choose one of two privacy options.

Low-E

Rain

ENERGY EFFICIENCY

Our products are designed to meet and often exceed ENERGY STAR® standards in the climate zones we serve. We even have products that have received the highest rating of ENERGY STAR Most Efficient, an elite ranking achieved by few. Our warm-edge spacers help to lower conductivity, improve argon gas retention, and increase condensation resistance, while our Low-E glass coatings help reflect the sunlight away from your home to help maintain consistent and comfortable interior temperatures.

What is Low-E?

Low-E glass blocks the bad stuff and lets in only the light you want.

GRIDS

Grids between the glass add style and allow for easy cleaning. Simulated divided lites (SDL) create a more historical look, while simulated meeting rails (SMR) can create a consistent look among varying operating styles.

Flat Grids Between the Glass

Sculptured Grids Between the Glass

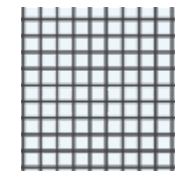

Simulated Divided Lite

Simulated Meeting Rail

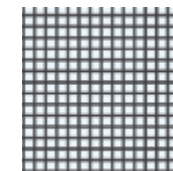

SCREENS

Choose from standard mesh or OptiView mesh for a clearer view. We also offer a durable "Pet Tough" screen made of a stronger fiber that resists damage often caused by the family pet.

Standard Mesh

Lets fresh air in and keeps most everything else out

OptiView Mesh

Finer mesh allows for clearer views and better particle protection

OUR COMMITMENT TO YOU

We have a dedication to quality and build our windows and patio doors to last. With Sunrise® Series V4500, you're covered for as long as you own your home with our industry-leading Lifetime Non-Prorated Transferable warranty. This warranty covers everything from corner welding on the frame and sashes, to hardware components, to glass itself.

See complete details at miwindows.com/warranty

OUR GOAL IS 100% TROUBLE-FREE

With a goal of 100% trouble-free, our teams work tirelessly to help ensure your project stays on track.

From regular inspections and quality audits throughout the manufacturing process, we strive to ensure that the final product you receive meets our high standards.

In addition, MI windows and patio doors carry the American Architectural Manufacturers Association (AAMA) Gold Label to show they have met their strict requirements, which are tested and certified by a third party. This rigorous testing includes water penetration, air leakage, structural integrity, and Forced Entry Resistance.
