V5500

**WHY WE'RE THE
RIGHT CHOICE.**

MI offers beautiful, worry-free windows and patio doors to frame each of life's little moments. Our exacting manufacturing processes and the innovations we develop mean you get reliable windows and doors that perform year after year. With MI, you'll receive a level of service and quality others simply can't match, backed with an industry-leading warranty.

Framing home in a new light

The path to perfect windows and doors has never been more clear. From tranquil mornings to lively family dinners, MI seamlessly connects you to what matters most: windows and doors that frame life's most meaningful moments.

Day after day, year after year, our windows and doors help frame all of life's little moments. As a trusted brand, our products offer the promise of long-lasting comfort, protection, and exceptional quality every step of the way.

**EXPERIENCE
IS EVERYTHING**

Our experts match you with attractive, reliable windows and patio doors that best fit your home, your needs, and your price point.

**CONFIDENCE TO
CREATE**

We deliver the highest-quality windows and patio doors through our passion for craftsmanship and a relentless pursuit of 100%.

**EVERY DETAIL,
EVERY DAY**

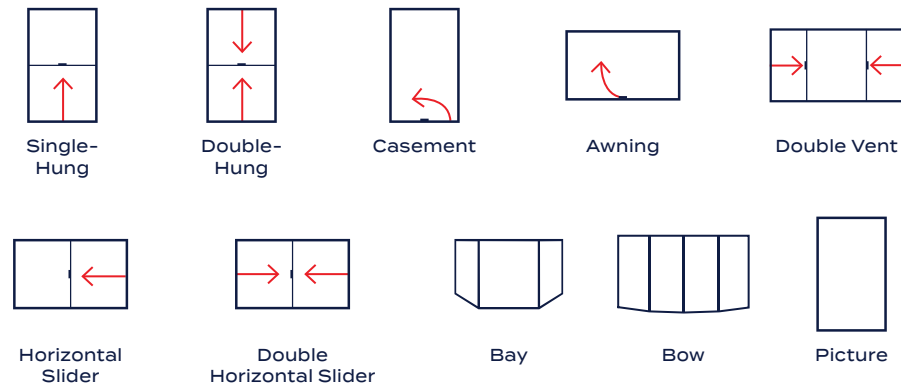

From robust testing and precision manufacturing processes to the innovations we develop for your comfort, every detail matters.

Bring your home to life

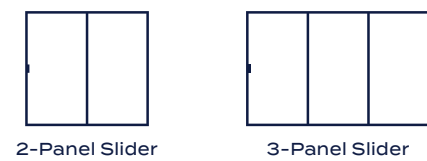

You've never seen anything like the Restorations® Series V5500. A thoroughly contemporary selection of windows and doors, the Restorations Series emanates style, comfort, and performance. These vinyl products will complement your home's interior décor and upgrade its curb appeal – all while providing the energy efficiency that's essential in the 21st century. Ideal for new construction or renovation projects, the Restorations® Series V5500 has something for everyone.

Design the windows of your dreams

The options are endless with the Restorations® Series V5500. These hand-crafted windows boast narrow profiles for greater viewing space and energy-efficient features for superior energy performance. In addition, we offer a number of customizable options that will enhance your window's performance and aesthetics.

BEAUTY YOU CAN CUSTOMIZE

Get the benefits of a vinyl window with standard features and custom options that bring the beauty of traditional wood windows to your home.

- **Hard-working hardware.** Standard on hung and sliding windows, and available in a range of finishes, the Restorations® Series Q4 lock integrates locking, unlocking, and tilting in the windows for easy cleaning into one smooth action.
- **Coved glazing beads.** Our coved interior glazing beads add extra detail to elevate the style of our windows.
- **Woodgrain finishes.** Choose from six durable, low-maintenance options, or select our paintable, stainable finish to custom match your home's interior style.
- **Exterior colors and paints.** From basic black to ruby red, we have a spectrum of vinyl, capstock, and painted options.
- **Custom interior trim.** Finish the look of your new windows with our specialty all-wood trim that tips in during installation, no additional, finish carpentry required.

Options made to suit you

Quality replacement windows and doors can keep comfort in and weather and noise out, while improving the energy efficiency of your home — and enhancing its curb appeal. Our replacement windows are simple to install, easy to maintain, and feature numerous style and color choices to suit your style.

Double Hung

- FiberCore structural sash stiles for maximum strength
- Minimal maintenance and easy operation with tilt-in feature, contoured lift-rails, and pre-tensioned, dual pulley block-and-tackle balance system
- Advanced, triple weather-stripping seals for top efficiency performance
- UltraCore® polyurethane window frame insulation provides added comfort and the ultimate in energy efficiency
- Q4 Quick Lock and Release System™ integrates the tilt-in function into the lock lever for ease of use and cleaner line

Single Hung

- Identical appearance to the double hung window, with coved interior glazing bead and Q4 locks, but only one movable sash
- Lower sash offers tilt-in feature, contoured lift-rails and pre-tensioned, dual pulley block-and-tackle balance system
- Advanced, triple weather-stripping seals maximize efficiency

Horizontal Slider

- Narrowline window design for maximum glass viewing area
- UltraCore® polyurethane window frame insulation provides added comfort and energy efficiency
- Lift out sliders with dual brass rollers featuring a stainless steel axle for years of worry free performance
- Available in single or double slider configuration

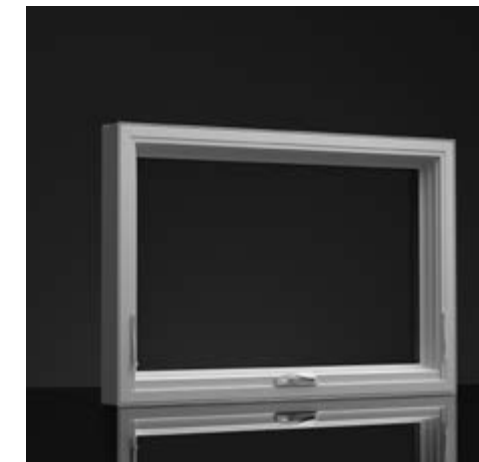

SecureSeal™ System

All V5500 double hung and slider windows feature our SecureSeal™ Meeting Rail System, a fiberglass structural core with our high performance polyurethane insulation and a triple weather-strip barrier.

Casement

- One of the industry's lowest air infiltration rates
- Optional Performance Sash System offers 1 3/8" overall triple glazed insulated high performance glass package option
- Optional deeper sash allows for the combination of ENERGY STAR qualifying glass system with SunBlinds®
- Stepped internal and contoured external design maximizes the beauty while minimizing the appearance of the frame and sash
- Low profile, single-lever locking handle controls up to three locking points for added security
- Squareness ensured through adjustable hinge system
- Dual weather-stripping system with compression and primary seals protects against drafts
- FiberCore® sash stiles for maximum strength

Awning

- Optional 1 3/8" overall triple glazed insulated high performance glass package
- Contoured external design and stepped internal maximizes the beauty while minimizing the appearance of the frame and sash
- Added security via two low-profile, locking handles which control a single point lock bar
- Squareness ensured through adjustable hinge system
- Dual weather-stripping system with compression and primary weather seals protects against drafts
- One of the industry's lowest air infiltration rates

Specialty Shapes

- Add distinction to your home's appearance inside and out
- Can be configured with various, operational windows and/or patio doors
- Standard geometric shapes include:
 - Full Circle
 - Circle Top
 - Circle Top with Extended Legs
 - Eyebrow
 - Eyebrow with Extended Legs
 - Octagon
 - Trapezoid
 - Pentagon
 - Quarter Round
 - Triangle
 - Architectural Single Hung
- Custom sizes and shapes manufactured to custom specifications

All Sunrise Collection™ windows feature slim-line window design, providing noticeably greater glass area than any competitor

COMPETITOR'S VINYL CASEMENT WINDOW

RESTORATIONS® V5500 VINYL CASEMENT WINDOW

UP TO
27%
MORE VIEWING AREA

Create unique spaces

In addition to the most popular window styles, the Restorations® V5500 Series also offers specialty windows and options that allow you to create a look and a space that is distinctly yours. Whether your home has a style that is classic or cutting-edge, you can custom design the window that fits right in.

DIMENSIONAL WINDOWS

Bay windows
 · 3 equal units, 2 narrow and one wide

Bow windows
 · 4, 5, or 6 unit configurations

Garden windows
 · One unit with small, venting sides

TRADITIONAL ACCENTS

Premium interior trim
 · Furniture-grade solid wood
 · Pre-finished and pre-assembled
 · Variety of profiles, stain colors, and casing styles available

Simulated Divided Lites
 · Dimensional grid on the surface of the glass inside and out
 · Spacer bar between the glass mirroring the SDL increases authentic appearance
 · Variety of patterns available

Simulated Meeting Rails
 · Adds hung-window appearance to casement and awning units
 · Combine with grids for traditional, craftsman, or modern appearance

On-screen and printed color representations may vary from actual finish colors.

FRAME OPTIONS

Buying windows doesn't have to be complicated. MI makes it simple, from the planning stages through project completion. We'll help you understand which frame type suits your project and home style.

Nail Fin

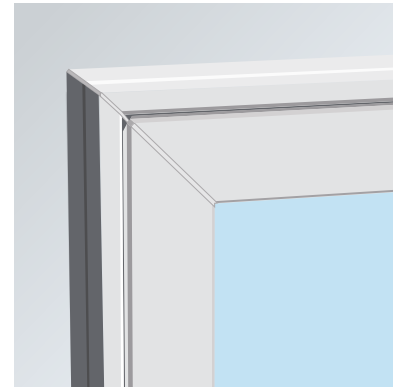

The nail fin is attached directly to the house's frame in new construction and replacement projects where studs are exposed.

Flange

This configuration comes with a flange on the exterior of the window to cover and seal the frame on homes with stucco.

Finless

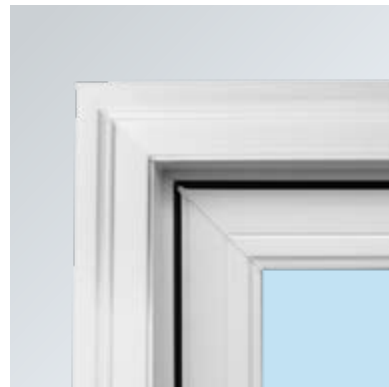

Commonly used for replacement projects, this window inserts into your existing frame, leaving interior and exterior trim undisturbed.

EXTERIOR BRICKMOULD

Our vinyl brickmould options are a long-lasting, low-maintenance way to enhance the beauty and curb appeal of your home. You'll be the envy of your neighborhood with any one of these brickmould exteriors.

2 Inch Milled with Sill Nose Configuration

2 ¼ Inch Sloped with Picture Frame Configuration

OUR APPROACH

Our windows insulate as well as elevate, tirelessly working to seal out the elements and create homes that are protected, comfortable, and quiet. The path to perfect windows and doors has never been more clear.

Window features

1 INSULATED VINYL FRAME

Crafted with an exquisite eye for detail, and filled with UltraCore® polyurethane insulation, the V5500 windows will allow you to enjoy low-maintenance, high-performance, and long-lasting comfort.

2 VIEWING AREA

Thanks to their narrow frames, the V5500 windows boast a large expanse of glass, giving you up to 27% more viewing area.

3 EXCEPTIONAL DETAIL

Double-contoured, narrow-line window design emulates the look of traditional wood-frame windows.

4 DURABLE CONSTRUCTION

V5500 windows feature our FiberCore™ fiberglass reinforcements and fusion welded corners for exceptional strength.

5 ENERGY EFFICIENT

Tested and built for your climate, our windows and doors meet or exceed ENERGY STAR® requirements for energy performance.

6 LIFETIME NON-PRORATED TRANSFERABLE WARRANTY

Lifetime warranty guarantees coverage over the full window: the frame, hardware, moving parts, insulated glass, and screen.

Hidden security
 Each V5500 sliding glass door is equipped with a concealed three-point locking system that simultaneously engages with the door jamb when the door is closed and locked.

LOCKING SYSTEM

See our entire V5500 Series patio door offering online!

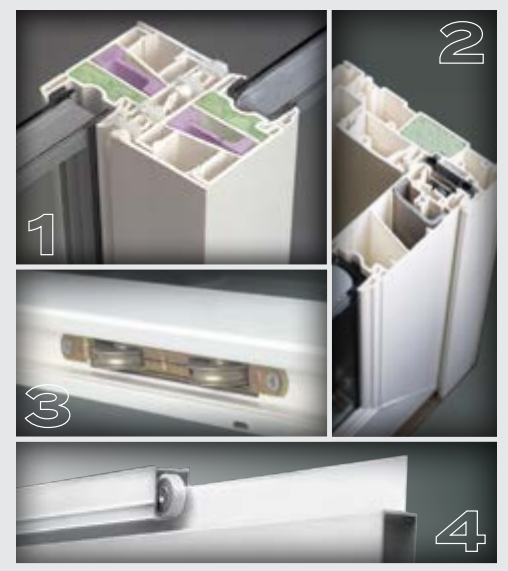

Create seamless transitions

The V5500 sliding glass door will open up your home in all kinds of ways. You'll relish the amazing views and abundant natural light entering your space. Our door panels glide effortlessly on twin tandem rollers, and house a three-point locking system for greater security. Add optional blinds-between-the-glass for enhanced privacy, easy maintenance, and light control.

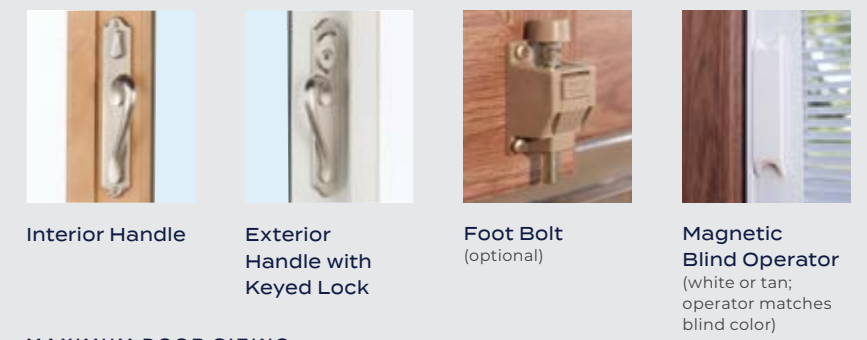

BUILT TO PERFORM

The V5500 sliding glass door is packed with features that deliver life-long comfort and performance:

- 1 - **Structural Meeting Rail.** Incorporating FiberCore™ reinforcement, clash-free interlock and UltraCore™ insulation provides strength and efficiency.
- 2 - **Galvanized steel lock stile reinforcement.** This dual-purpose feature increases structural strength and resistance to thermal deflection.
- 3 - **Twin tandem, oversized steel rolling system.** 1 ½" diameter wheels deliver decades of undisturbed operation.
- 4 - **Top hung screen.** Provides smooth, trouble-free operation with no hang-ups.

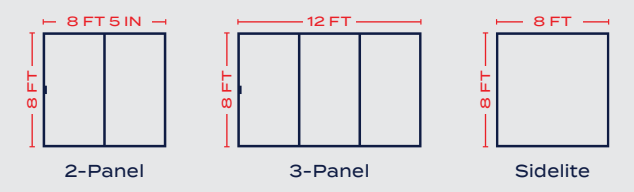

HARDWARE

HARDWARE FINISHES
 Choose the hardware finish that complements your door panels or coordinates with other hardware in your home.

MAXIMUM DOOR SIZING

Custom door sizes and varying configurations of operating and fixed panels are available; please consult your Sunrise Collection™ dealer for lead times and details.

Reflect on endless possibilities

Your home is a reflection of you. Make a statement with finishes and glass and grid options that harmonize with your home's look and style.

See even more Restorations® Series customization options online.

INTERIOR FINISHES

Solid vinyl extrusions offer even color distribution inside and out for windows and doors that are timeless, durable, and attractive.

Our laminate woodgrain finishes resemble real wood with a worry-free finish that is easy to clean and fade resistant.

EXTERIOR FINISHES

Complement your home's exterior style with your choice of vinyl, capstock, or painted exterior. Our vinyl and capstock finishes are low-gloss, smooth surfaces, while our paints are nearly matte, textured finishes. Custom paint matching is available. Please consult your V5500 dealer for details.

On-screen and printed color representations may vary from actual finish colors.

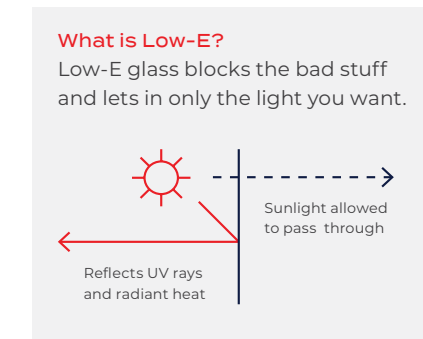

GLASS

Select Low-E glass or choose one of two privacy options.

ENERGY EFFICIENCY

Our products are designed to meet and often exceed ENERGY STAR® standards in the climate zones we serve. We even have products that have received the highest rating of ENERGY STAR Most Efficient, an elite ranking achieved by few. Our warm-edge spacers help to lower conductivity, improve argon gas retention, and increase condensation resistance, while our Low-E glass coatings help reflect the sunlight away from your home to help maintain consistent and comfortable interior temperatures.

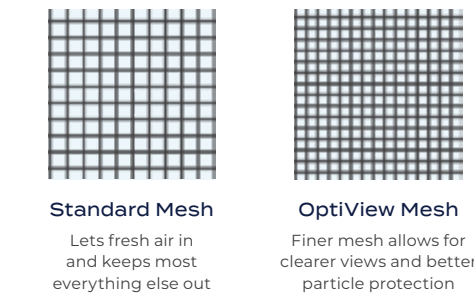

GRIDS

Grids between the glass add style and allow for easy cleaning. Simulated divided lites (SDL) create a more historical look, while simulated meeting rails (SMR) can create a consistent look among varying operating styles.

SCREENS

Standard on all Restorations® Series windows, OptiView mesh allows for a clearer view. Choose standard, OptiView, or our durable "Pet Tough" screen made of a stronger fiber that resists damage often caused by the family pet for your Restorations® Series door.

OUR COMMITMENT TO YOU

We have a dedication to quality and build our windows and patio doors to last. With Restorations® Series V5500, you're covered for as long as you own your home with our industry-leading Lifetime Non-Prorated Transferable warranty. This warranty covers everything from corner welding on the frame and sashes, to hardware components, to glass itself, including glass breakage.

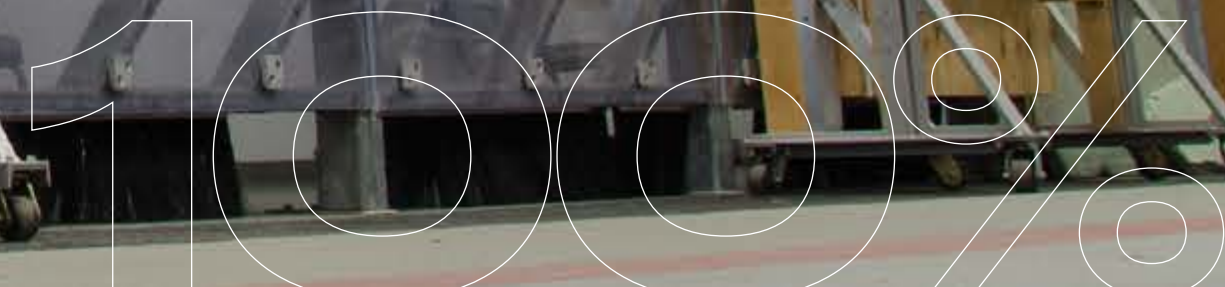

See complete details at miwindows.com/warranty

OUR GOAL IS 100% TROUBLE-FREE

With a goal of 100% trouble-free, our teams work tirelessly to help ensure your project stays on track.

From regular inspections and quality audits throughout the manufacturing process, we strive to ensure that the final product you receive meets our high standards.

In addition, MI windows and patio doors carry the American Architectural Manufacturers Association (AAMA) Gold Label to show they have met their strict requirements, which are tested and certified by a third party. This rigorous testing includes water penetration, air leakage, structural integrity, and Forced Entry Resistance.
