Address Renaissance Boca Raton Hotel
2000 NW 19th St
Boca Raton, FL 33431

Hosted by:

K&P KANNER &
PINTALUGA

Welcome to the 4th Annual Traumatic Brain Injury Symposium! We are excited to continue building on prior successful events. This year's goal is to expand on last year's success with a day-long medicolegal dual track system.

As we continue our mission, this year's symposium remains a premier forum for medical and legal professionals to advance their knowledge by learning from experts in the field, obtain practical solutions to complex problems, and enhance their ability to serve those affected by Traumatic Brain Injury (TBI).

With a comprehensive approach that bridges cutting-edge medical research and legal advocacy, our expert speakers will provide critical insights into evolving diagnostics, treatment modalities, and litigation strategies. Attendees will gain invaluable perspectives on TBI case handling, ensuring the highest level of care and representation for clients navigating the complexities of TBI recovery and justice.

Beyond the presentations, this event fosters meaningful collaboration among professionals dedicated to improving outcomes for TBI patients. By connecting experts across disciplines, we strengthen our collective impact and drive progress in both medical treatment and legal representation.

We invite you to engage, learn, and contribute to the continued advancement of TBI care and advocacy. Together, let's push the boundaries of innovation and make a lasting difference for those we serve.
