

Community Information- Remembrance Day

As you know, the 19th of January has a special significance and importance in every Kashmiri Pandit's life and this year is no different. KPs worldwide are getting together in different forums and organising events to commemorate thirty-one years of KP exile.

KPA NSW is collaborating with organisations in Australia and New Zealand and would ask all KPs in Sydney to join these events where possible. It's important that the sacrifices that our community made and continues to make, are not forgotten and our coming generations are kept aware. To this effect, there are currently three events planned as below:

17th Jan, 10am - A Radio Darpan talk show on KP exodus and impact of article 370 - KPA president will represent us at this event.

17th Jan, 3pm - Kashmiri Exodus Day Online event - a zoom session where distinguished KP guests will speak about their experience along with panel members from Australia including KPA NSW. A communication has been shared earlier. Please register and join this event using below link. <https://bit.ly/3pzhPq2>. Registration is important for this event to secure an invite.

19th Jan, 7pm - Kashmiri Exodus Remembrance Day - KPA NSW Online 15 minute Zoom event in collaboration with KP New Zealand to remember and pay homage to those who lost their lives during this exodus. Participants can share their personal experiences and how this holocaust changed us individually. We will conclude with a minute of silence. Please join this event. Separate Message including the link to join this event will be sent.
