

6<sup>th</sup> October 2020

Community Information:

- We have been advised that the Hindu Council has successfully lobbied the NSW Premier's office asserting our views on the abrogation of Article 370 of the Indian Constitution. The Premier's office has responded with the confirmation that the motion brought in by the Greens has been rejected and also that they are in agreement with our view that this is India's internal matter. The communication from the Premier's office to this effect was received by the Hindu Council on the 9<sup>th</sup> of Sept 2020.
- KPA Formation: We have recently received the ABN number for the organisation and will now be proceeding for the opening of a Bank Account. We will send out further communication on member enrolment as soon as these formalities are completed.
- Community outing: Some members of the community have expressed a desire for a community get-together. A location large enough for a Covid safe gathering has also been suggested.  
We are proposing Saturday, the 14<sup>th</sup> of Nov for a Diwali picnic. The location will be decided based on the numbers. We will soon be reaching out to confirm interest.
