

Dear BA Football Supporter,

It is our privilege to welcome you to the upcoming 2024 Football Season. The Tigers are hard at work and deep into their winter workouts building their size, strength, and speed for next season. Spring Ball will soon be underway, and this is the time our Football Fever starts building for the upcoming season.

This year not only means a new season, but hopefully the next step for the football program with a deep playoff run. We have a team of young men putting in the time and effort that will make this community proud. That is why I am contacting you. The Booster Club has always received huge support from the community. Broken Arrow has always jumped in and supported all sports activities. We all understand the impact of being part of something bigger than ourselves, and that is what playing football at Broken Arrow is all about. We want it to be the best experience for each young player as they represent our community on the statewide stage.

As a Booster Club, it is our responsibility to raise funds, which allows our athletes to participate in a football experience worthy of being the largest high school in the state. Our Number One expense each season is nutrition. The players work extremely hard, and it is imperative that we make sure the team is provided with the proper food and hydration. Players are given something to eat and drink after each practice all year during off-season and regular season. When games begin, they are provided team meals during the week in addition to before and after games. We believe whole heartedly in feeding our players.

There are several ways in which your support can benefit your Broken Arrow Tiger Football Team. Each donation regardless of the amount has an impact. We have structured several packages of support that not only provide for the team, but also give back to you as a supporter. Please compare the different levels included in the attachments to see which one best matches up with amount of support you are able to give. If there is something else you would like to do that does not match the opportunities we put together, please feel free to contact us to share ideas on how you can be a part of 2024 Tiger Football. My contact information is:

Ross Martin, Vice-President of BA Football Booster Club
