

Dear BA Football Supporter,

It is my privilege to welcome you to the upcoming 2022 Football Season. It doesn't seem like that long ago the we were finishing up season one of the Josh Blankenship era with a run to the state semi-finals. Spring Ball is underway, and this is the time our Football Fever starts building and the excitement for the upcoming season erupts.

This year not only means a new season, but hopefully the next step for the football program with a run to the gold ball – a state title. Head Football Coach Josh Blankenship has the team working hard in the off season and is getting Spring Ball is already underway. We have an extensive amount of talent and a bunch of young men putting in the time and effort that will make this community proud. That is why I am contacting you. The Booster Club has always received huge support from the community. Broken Arrow has always jumped in and supported all sports activities. We all understand the impact of being part of something bigger than ourselves, and that is what playing football at Broken Arrow is all about. It is special to play for BA, and we want it to be the best experience for each young player as they represent our community on the statewide stage.

As a Booster Club, it is our responsibility to raise funds, which allows our athletes to participate in a football experience worthy of being the largest high school in the state. Our Number One expense each season is nutrition. The players work extremely hard, and it is imperative that we make sure the team is provided with the proper food and hydration. Players are given something to eat and drink after each practice all year during off-season and regular season. When games begin, they are provided team meals during the week in addition to before and after games. We believe whole heartedly in feeding our players.

There are several ways in which your support can benefit your Broken Arrow Tiger Football Team. Each donation regardless of the amount has an impact. We have structured several packages of support that not only provides for the team, but it also gives back to you as a supporter. Please compare the different levels included in the attachments to see which one best matches up with amount of support you are able to give. If there is something else you would like to do that does not match with the opportunities we put together, please feel free to contact us to share ideas on how you can be a part of 2022 Tiger Football. My contact information is:

Jim Seibert, President of BA Football Booster Club
