What is SoS, Shenna Bellows, doing for Maine Voters???

“Secretary of State vs. Election Integrity!”

In Maine, the Secretary of State, Shenna Bellows, the state's Chief Elections Officer, who was appointed by Governor Mills (D) to oversee elections and to perform other duties of the SoS Office.” Making sure Maine has Election Integrity should be always her focus and especially during a Presidential Election Year, such as 2024 and be totally nonpartisan. Yet, she is more focused on taking away Mainers Civil Rights by removing President Donald J. Trump’s name of the Primary Ballot. No one has the right to commit “Civil Rights violations involving voter intimidation, coercion, threats, and other tactics to suppress a person’s ability to vote.” Shenna has violated our Civil Rights by suppressing our ability to vote with her tactic of removing President Trump from the Primary ballot. If we write his name in with proper spelling and very clear penmanship, she will reject it because President Trump was not approved as a write in candidate by December 26, 2023. This is the cutoff date for write-in candidates for Maine State elections. Based on this action and previous actions, I do not believe she has Election Integrity as top priority in a nonpartisan way. Such actions as coming to our town meeting and lying about why we needed to keep the machines for handicapped individuals; machines never hooking up to the internet; and not meeting with Dr. Douglas Frank who would demonstrate how the machines via Bluetooth do have hackability. With her permission, Dr. Frank would have his friend hack into the machines to educate and help her understand the process. He would then give her the passwords. (He was giving her the benefit of a doubt that she didn’t already know.) Based on all these actions, my belief is she does not care about Election

Integrity and is not nonpartisan. She is one of the power-hungry politicians that wants fast track to the top of the ladder. She certainly is getting attention; even though it is negative attention from the media, including CNN, elected politicians; US Representative Jerod Golden (D), US Senator, Susan Collins (R) and US Senator, Angus King (I); have spoken out against her unjustified move, since President Trump has not even been charged with insurrection; powers of impeachment inacted by Representative John Andrews (R). She has made herself the judge and jury We are not under a dictatorship, and she is not the queen. She did not provide a trial but based her sole determination on YouTube and TikTok videos and the Colorado case to withhold President's Trumps name off the primary ballot. Her qualifications to be judge and jury is that she holds a B.A. in International Politics and Economics from Middlebury College not a judicial degree. Where is the due process!! She is self-absorbed and is wrongly misled by her democratic advisors.

Representative John Andrews has brought forth powers of impeachment for Shenna who is in a nominated position not an elected position. Governor Mills appointed her to the position and a majority of the members of the legislature approved the appointment. When Shenna ran as the democratic candidate for senate, she never won the total vote of a single county against Senator Susan Collins. Thank you, Representative Andrews for standing up for ALL Mainers. ALL voters past, present, and future who have/will be disenfranchised by her actions. We need voter integrity back into our Maine elections.

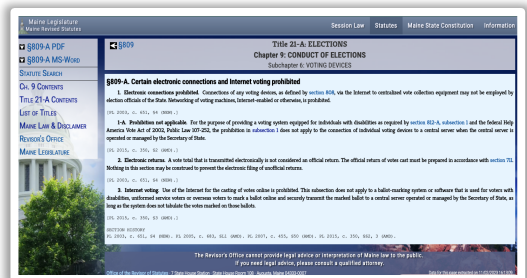

We, Dr. Frank, John, and I are still hoping a meeting will be set up with Shenna when Dr. Frank returns in February 12-15, 2024. Please flood her office with calls promoting President Trump be put on the Primary Ballot, for her to meet with Dr. Frank about the machine's Bluetooth capability/CONNECTIVITY to the internet and send Representative John Andrews your appreciation for standing up for ALL Maine's disenfranchised voters created by Shenna's actions. Please support the Save Maine's Voice and Impeach Bellows group.

I put in a verbal FOAA request for Shenna's schedules for April 2023, June 2023, October 2023, and February 2024, plus any communication including but not limited to emails/phone calls she had with Town of Sullivan and/or residents. I was told by a secretary named Mary that Emily Cook would contact me within the week. I called after a week she was not in the office and left a message. I have not heard back from her to date. Called on January 3, 2024, and was told Emily Cook was not available and Sara, a volunteer who is answering phone calls because they were receiving so

many calls for Shenna Bellows. I said my call was for Emily not Shenna. She said Emily is not in the office and would not be able to take the call. There are too many calls coming in. I said Shenna created quite a stir. She said I will give Emily your message. I called back and explained I was against Shenna removing President Trump from the Primary Ballot, for reasons I listed above. A volunteer secretary, Dorene said she would give Shenna Bellows my message and asked do I want her to call me back. I said, that would be wonderful, and she can explain to me how she is not violating my civil rights.

Action, Action, Action

We need to insist that Shenna Bellows put President Donald J. Trump back on the primary ballot and meet with Dr. Frank. If the machines do not connect to the internet, why is Shenna refusing to meet with us? Request your town goes to hand counting of ballots. We need to document through canvassing anomalies within voter rolls. Now is the time, we all need to take, **ACTION, ACTION, ACTION!!!**

7 Steps: Taking Back Our Elections

Dr. Frank will be returning to Constitution Hall's new location on February 12-15 to give more guidance and trainings on taking back our elections. Short time for action so now is the time to **GET INVOLVED!!!**
