EASTER Holiday Break

We hope you safely enjoy your long weekend!

Return to Normal Classroom Schedule - June 2021

Five-day a week schooling for all on campus students makes its comeback. More information below.

Grads Picture Day Scheduled

LifeTouch is ready to snap a photo of your grad. See below for more information.

The Easter Holiday Break begins on Good Friday, April 2, and goes through Monday, April 5. All classes resume their schedules on Tuesday, April 6.

April Calendars

The April Attendance & Activities calendars are ready for you to a looksy and download.

Click the link below to access both.

Returning to Normal Classroom Schedules

We're taking the plunge and opening our classrooms to 5 days a week study come June 1 and we feel we can do it safely.

Our plan is to keep the mask-mandate in place, along with all of our other hand-washing, sanitizing, temperature-taking, and cleaning protocols while also having all the classrooms of study open at one time.

Simply put, it's time to give our students full access to the classrooms and academics they deserve while continuing to keep them (and you and us!) healthy. Call us if you have any questions!

Picture Day for Grads!

Yup, we'd like to have your grad drop by on April 22 to have their graduation picture taken.

LifeTouch will be on hand and the camera will start to snap its photos at 9 a.m.

But, because we're still in a pandemic, we'd like to know that you plan to come. So, call us to let us know your plans!

Field Trip Coming Up - Yay!!

Wow! Finally, a field trip our kids in grades PreK to 6th can take!! Where?

We're headed out to Licon Dairy for the fresh air, lovely scenery, the animals, and just the camaraderie with nature.

Parents, you're welcome to join us. There's no entrance fee but you may want to take along a few dollars to buy gifts or snacks for the animals.

Field Trip Date: April 14. We leave at 9 a.m.

Pre-Enrollment for the 2021-2022 School Year is Now Open

We have opened our Pre-Enrollment for the 2021 - 2022 school year.

Seats are filled quickly for on-campus study which is why we encourage you to enroll ahead of time. Another reason? Well, Pre-Enrollment secures your child's placement at the current year's rates.

Deadline for Pre-Enrollment is April 28.

There are a number of advantages to Pre-Enrollment, not the least of which is securing your student's on-campus seat and locking in your existing tuition rate.

But consider as well that, every year, we have a few families who leave to try other more "fruitful" schooling options - namely, free public education - only to find that these are not filling the needs of their students.

The fact of the matter is that we know that NHHSA is not for everyone. If your child does well in the public school environment, then we get it. But if your child is special in any way or has any special considerations such as:

- Gifted & Talented
- Suffers from an illness that precludes regular schooling
- Struggles with dyslexia or ADD or ADHD or any some such
- Exhibits signs of any kind of anxiety such as social anxiety OR
- Struggles in any way with Reading, Writing, or 'Rithmetic

We're probably YOUR BEST CHOICE for an academic setting.

Pre-Enroll and secure your seat now!

Summer School & Summer Enhancement

We want your student to complete the school year. We also want your student to succeed.

You should absolutely consider summer school if your child has lagged behind this school year as a result of the pandemic (in some cases it is required!) or if you want your student to hone certain skill-sets that the lazy summer months may erode.

The NHHSA Summer Schooling program begins June 1. We'll see you then!

Open Call for Future Doctors & Future Entrepreneurs

NHSA has employed specialized schooling programs for students preparing for careers in the medical field for three years. And now we're expanding these specialized programs to include one for students who plan on entering into business as entrepreneurs.

We are now accepting applications for students who plan to enter the medical or business fields. Classes limited to 4 students each on each campus. Call us for more information.

For information about Enrollment and space availability for on-campus study, call us at the number below or email us at contact@nhhsa.com.

NHSA has three on-campus locations to serve you:
Eastside, Westside, & Transmountain
