LET'S GET STARTED!

About Our Mask & Health Protocols

It's hard to keep pace, we know. To mask or not to mask?

Keep in mind that this could change at a moment's notice, depending on local or federal mandates, but for now, put simply, we *strongly* recommend the use of masks when students are working in close proximity with each other or educators.

And speaking of educators, they will be following the same protocol and will be masked for most of the day. We had no COVID19 outbreaks in our classrooms last year and we are intent on staying vigilant enough to keep it that way this year.

If you have not received a copy of our health protocols, call us. (Number above.) We'll email it to you.

Project-Based Learning Schedule (Eastside & Transmountain Campuses)

These classes are popular. *Very* popular. Project-Based Learning (PBL) models are a more engaging and exciting design for study for, say, Science and Social Studies, that captivate student participation and integrate a number of additional study skills (writing, researching, note taking, etc.) Students on the hybrid program are always invited to join in.

Here's our schedule for upcoming PBLs in the month of August for all grade levels:

- August 23. All Day Science for students in grades PreK to 2nd.
- August 24. All Day Science for students in grades 3rd to 6th.
- August 26. All Day Science for students in grades 7th to 12th.
- August 27. All Day Social Studies for students in grades 7th to 12th.
- August 30. All Day Social Studies for students in grades PreK to 2nd.
- August 31. All Day Social Studies for students in grades 3rd to 6th.

These classes are on tap *only* through our classrooms. Need more information? Give us a call! (Dates may vary in the Transmountain campus. Not available on the Westside campus.)

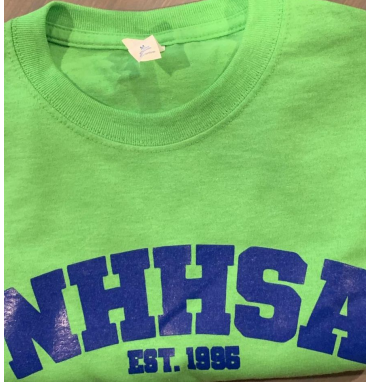

Piano Classes Resume

On-Campus Students Only (Eastside campus)

After a pandemic hiatus, piano classes resume in September for all interested students in all grade levels. Children must bring their own "my-size" keyboard to participate.
