

## Our Hybrid Program Rocks

NHSA students attend classes daily (on-campus program) or on our Hybrid Program, two to three times per week.

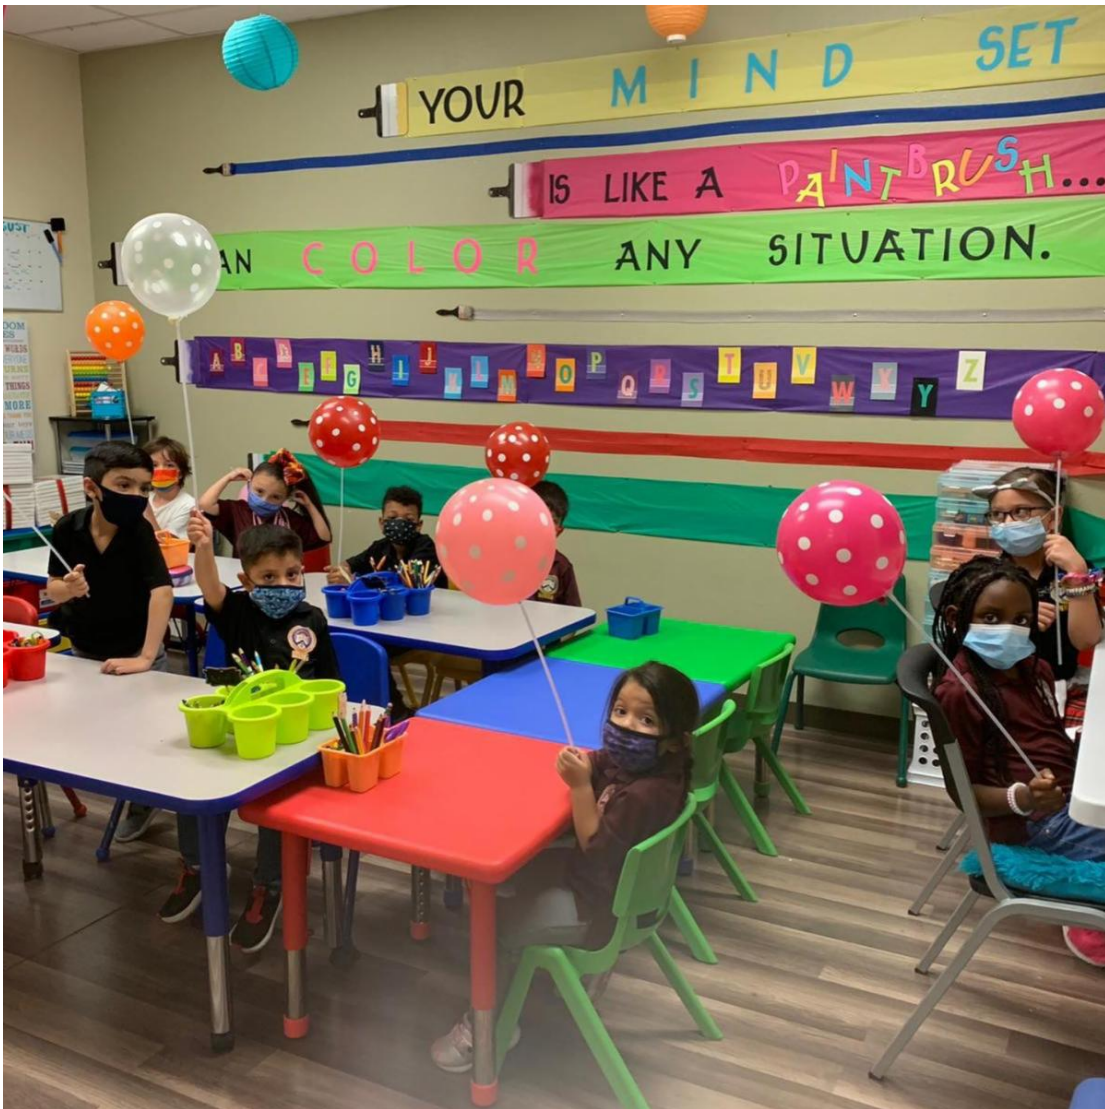

## Meet

# Michael

A first grade student demonstrates in clay the atomic structure of solids, liquids, and gases with our special Project-Based Learning model.

[Visit Us Online](#)

We serve students in grades PreK to 12th.  
Hybrid or on-campus.

## Early Graduation Programs

# or Adult Grad Programs

Brilliant students can apply for the **NHSA Grad Program** (click for more information) and complete their high school classes ahead of schedule.

We also have an **Adult Grad Program** (click for more information) for students aged 21 and under who missed out on getting their diploma for whatever reason.
