

NHHSA

JUNE 2024

JUNE OVERVIEW

HERE COMES THE SUN

If you're joining us for Summer Study, WELCOME. We would be *sooo* lonely without you!

If you're taking the month off for some "fun in the sun," we hope you make the best of it. But stay active, stay sharp, stay interested. Life is a learning experience, and we hope you take full advantage of the lessons in each encounter you have this summer.

Whatever you do, don't forget to express to your *Dad* how much you appreciate everything he does, and show him a GREAT time on Father's Day!

Read on....we have news.

SUMMER LEARNING

Summer Learning officially kicks off on Monday, June 3.

For the younger folk in our care this summer, our plan is to sprinkle the needed assignments with fun learning games, a craft or two, and a movie, just to lighten the load while we keep the momentum going.

We will be operating on a regular schedule and are available if you need to speak with us.

NHHS Horizon Coming Soon!

Rudy & Sandra Rodriguez.

*Sharing a laugh with NHHSA
Founder, Myrna Boyer.*

The team that makes it possible!

Meet Rudy and Sandra Rodriguez! Rudy has a Master's Degree in Psychology and is working on his doctorate as you read this. Sandra has a PhD in Business, and this powerful duo, already entrepreneurs as owners of the *El Hut* (formerly known as *Hamburger Hut*) restaurants in El Paso, have had their FIVE children enrolled with NHHSA East since they each came of school age. In fact, we watched their family grow! When their eldest son was first enrolled, they had only two children....and then....well, they just kept having more.

So, let's just say that they are fully vested in the benefits of homeschooling and

have never even considered moving their kids to another learning facility.

Naturally, their commitment to education, their love for their children, and their interest in service to the community (which, btw, they already do in spades with their involvement in other civic endeavors), brought them to the conclusion that they wanted to open their own NHHSA Franchise.

NHHSA Horizon will serve the Horizon City, San Elisario, and Clint communities. They have a target date to open in January 2025.

And, of course, we will keep you updated on all available developments as they prepare to bring NHHSA services to the far reaches of east El Paso.

In the meantime, we just want to say, *WELCOME ABOARD*, you two! Great to have you on the team!

We have another ANNOUNCEMENT...

NHHSA is currently abuzz and *very* busy creating an online store where you will be able to purchase uniform shirts, NHHSA jackets, field trip t-shirts, book bags, and more.

The fact of the matter is that we are growing! We are currently negotiating contracts for franchises in other parts of Texas, and we had to come up with a way to provide these needed materials to all franchises with the requisite uniformity.

We hope to launch *NHHSA Shopping* by the end of June or shortly thereafter, but certainly in time for the new school year.

Stay tuned.

END OF THE YEAR PROGRESS REPORTS

The End of the Year Progress Reports for all on-campus students should reach your inbox on June 27.

Our grading departments are pulling double duty to get the volumes of work submitted in May graded, and they are quite efficient.

If you do not receive your report, or if you have a question about the report you receive, please contact Student Services at your student's campus.

COMMENCEMENT CEREMONIES 2024

We know you're eager to see the pictures, and we plan on having them in our website Gallery by the end of June. You can download to your heart's content whatever you like most!

in the meantime, make sure to check out our Instagram pages for some reels of our

ceremonies. The link is at the bottom of this newsletter, but your student's campus will have its own link as well. Just look them up.

Our heartfelt congratulations to all the graduates and award winners. We loved spending the evening with you!

Remote Learning Schedule for June

Tune into:

June 12 & 19 Music Greats, Mr. Andre

If you would like your student to be included in any Remote Learning Class, please let us know. If your child is currently enrolled in Summer Learning, there is no cost. If your child is not enrolled, there is a \$25 per class fee for a 75-minute class. Remote Learning classes are designed for students in grades 5th to 10th and include plenty of discussion and visual enhancements. They are outlined to fit a Phenomenon-Based Learning model.

Plus, they're fun!

To join a class, you must let us know at least *one week* in advance! As usual, we have limited space.

Something to remember:

//

Bea says that the art of reading is slowly dying, that it's an intimate ritual, that a book is a mirror that offers us only what we already carry inside us, that when we read, we do it with all our heart and mind, and great readers are becoming more scarce by the day.

//
