FLORIDA ROOF TESTING

3201 NE 14 Street Causeway, Pompano Beach, FL 33062

Education

Must be familiar with all types of roofing systems.

Location: Miami, Broward and Palm Beach Counties

Full job description

Roof Testing Technician

We are currently looking for field roofing technicians for our roofing and inspections department. This position will be a perfect fit for an individual who wants to enter into the technical field of roofing. Who pays attention to detail and who likes to see things done the right way. Your duties would range from performing roof testing on newly installed tile roofs and moisture, wind uplift and fastener testing of existing flat roof systems.

Email resume to: flarroof@protonmail.com
