# December 2023 - Special Christmas Update

I hope you enjoyed the [December edition of the 3S Newsletter](#) which I sent out on first of the month.

After sending the December newsletter, my friend, Richard Kurtz and fellow musician ([Pamela Whitman](#)) released a new Christmas album. They are extremely talented and the music they create is truly magical. I wanted to share their magic with all of you, hence, the special Christmas update.

THE LINK BELOW WHICH will bring you to YOUTUBE where you can listen to their album and watch the related video. I believe you're going to enjoy it!

**If you are interested in purchasing the album, you can download it from iTunes, Amazon or Spotify, etc.**

## **Oil Painting on a guitar.**

In the [YouTube video](#), when Rich introduces one of the Christmas songs, you'll see the acoustic guitar I painted for him. This guitar is sitting in Rich's living room hung like a framed painting which makes me very proud.
