Happy 4th of July!

Independence Day (colloquial: the Fourth of July) is a federal holiday in the United States commemorating the Declaration of Independence of the United States on July 4, 1776. The Continental Congress declared that the thirteen American colonies were no longer subject (and subordinate) to the monarch of Britain and were now united, free, and independent states.[1] The Congress had voted to declare independence two days earlier, on July 2, but it was not declared until July 4.
