

For several years, the Women's Club has been hosting the "We Fair" Giving Fair as our annual fundraiser to benefit local nonprofits. This year's event was scheduled for September 14th, with an "Art of Giving" theme.

Unfortunately, because of timing issues and our desire to host the best experience possible for our members, we will not be hosting the event on September 14th. Rather, we are re-imagining this event, taking parts of it online that will enable us to reach an even broader audience and continue our strong support of our beneficiaries.

Rest assured that the key and fun elements of the Giving Fair, such as our signature Grand Raffle, Silent Auction and Take-a-Chance will live on, although in a reinvented capacity. For example, we plan to take the Silent Auction virtual and offer the amazing 25+ items in an online auction starting November 1. Plus, the ever-popular Take-a-Chance will be included in our Spring Fashion Show and the other games and activities that we were planning will be sprinkled throughout upcoming events. Importantly, the Grand Raffle drawing will continue to take place on September 14th, and we plan to share the drawing with you on video.

We are confident that through these re-imagined events and with your continued support, we will be able to strengthen our ability to address the food insecurity and educational needs of our community. And to provide you, our member, with opportunities to enjoy fellowship and community engagement.

We will keep you updated about the upcoming online auction and how you can bid on the many tempting items!

Sincerely,

Deb Vaughn
Chair, Ways and Means Committee
