PEACE-

OUTLOOK-

***This committee includes remaining members from last year that wish to continue. We are in year 3 of a 5 year contract. We would like to get a list of those interested in serving on the bargaining team for our successor contract for next year, as preparations begin well before the year the contract will be**

negotiated. Those that submitted interest will be included in communications regarding informational meetings, training, workshops, etc. We want to bring to the table a team that is well-trained, diverse, and ready to fight for our members. We need representatives from all 3 buildings (and potentially offsite locations as well). Think about who would be good in this role so we can start to get more members trained.
