Grocery Ordering On-Line or Delivery

The local Glenville grocery stores listed below offer the convenience of online shopping.

Each one requires that you either have an online account or create one before your order your groceries. The stores differ in whether you need a minimum purchase amount and how much of a service fee that will be charged. Please keep in mind that although you can select a time slot and day for the delivery of your groceries, particularly in light of current circumstances, you may have to wait longer than usual to receive your groceries. Many FAQs (frequently asked questions) can be found on each website that address issues regarding substitution of items, redeeming coupons, and payment instructions.

If you have any further questions regarding these programs please contact the Economic and Development Department at (518)688-1200 ext. 7 or email mcherubino@townofglenville.org
