##### ELECTION DAY

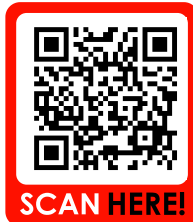

NOVEMBER 5TH

### FEEDBACK REQUEST

#### SERVICE LINE INVENTORY SURVEY

As part of new regulations passed down from the Environmental Protection Agency (EPA), all public water utilities must inventory service lines in the water system before October 2024. Residents can help by doing a self-inventory and reporting back to the County what material service line is in their home. It's very simple and only takes a few moments of your time. Please scan the QR code to complete the survey.

### REMINDERS
