

Turning Point Montessori AUGUST 2025

Vol.1

Welcome Back Everyone!

Our Summer School program ended with a fantastic program and now we have started a whole new 2025-2026 school year! Classroom schedules, teacher bios, and a 2025-2026 calendar will be included in the packets to be sent out soon. Please look out for a packet and fill out the renewal forms. Again, the renewal packet should be sent home very soon. Please update your child's Emergency Form adding any changes or more people authorized to pick up your child. Also, please fill out the additional forms that will go into your child's file. These are important and should be updated every school year per California Community Care Licensing Division (CCLD). Thank you everyone in advance for filling these forms out and returning them as soon as possible.

Early Morning Drop-offs

Starting back to school for the first time or even returning to the same school may cause slight issues for our little ones. Please do not sneak out no matter what. We are trying to build a trusting relationship necessary for academic development. Instead, tell your child that you are going but will return. The teachers will assist in providing comfort while reassuring the student that parents and guardians will come back. Please also let the staff know if your child is having a considerably difficult drop-off and possible reasons why. Finally, thank you in advance for keeping your child at home when they are not well. This effort protects the child that is not feeling good as well as the learning environment from further spread of illness.

Important Dates:

Aug 4	First Day of School
Aug 8	Dress Like Your Favorite Animal
