TECHNOLOGY PARTNERS, LLC

EXPAND⁺ Solutions: Your Workday[®] roadmap delivered

Whether your roadmap calls for “Fast Follow” functionality or you are realigning Workday with changing needs, Acuity can deliver what you need. Our EXPAND⁺ solutions allow you to deploy additional Workday functionality in a quick and efficient manner. This allows you to capture more value from Workday without the traditional headaches associated with “Phase X” projects. With Acuity, you have the strength of a team to help you deliver EXPAND⁺ed Workday functionality.

Functionality that fits you

Extend: Broaden Workday with Talent, Recruiting, Learning, and more

Connect: Automate data with Vendor and platform integrations

Curate: Build “data stories” with reporting, dashboards, and analytics

Equip: Prepare functional SMEs with training and knowledge transfer
