

やった！1 Maximum Quiz Time

Arrange students into small groups. You may choose to have a score keeper if there is an odd number. Either swap the answer sheet after each round and keep a running tally on the board so the whole class can see the leaders, or with a 元気 class, you may like to take up the answer sheets and correct them later. The winning group has the highest score after all Sets.

Set 1

1. What is the name of the capital city of Japan?
2. What greeting does friends use before 11am?
