QUESTION LOG

小さい しつもん と 大きい しつもん

なまえ: _____

As you learn 日本語, you will probably come up with lots of questions while you study. Curiosity is a sign of being an active and engaged learner - go you!

Some questions are easy to find the answers to: by looking something up in the textbook, asking a friend or completing a quick online search. These are 小さい しつもん, or **small questions**. On the other hand, 大きい しつもん **big questions** may require you to think about them for a while and form an opinion or discuss them with your 先生.

This chart is a way to record your questions, both big and small, and the answers you find.

Question	小 / 大	Answer
