

2023 Visions

March 21, 2023

During prayer time I had a vision. I saw 3 missiles in the sky. The sky was blue. The missiles were falling toward a city with large tall buildings. There were 2 missiles in front and one in back. The back missile came to the front. The other 2 missiles changed sides and went to the back. I then noticed on the front missile fuselage was written, "USA."

Other info given during prayer:

God confirmed the city was New York. God said he would destroy that wretched place.

The 3 missiles represent USA, Russia, and China. The 3 together will destroy America.

The time for America's destruction is soon.
