

## SUTTON SOUP 10 - 12th July 2018

Thanks to all of you who made it along to our 10th Soup on 12th July.

It was a wonderful evening. And for those of you who didn't manage to get there...guess what?? We did it again! We broke our previous record and raised a staggering £1067.20!!!

It was a very special Soup being our 10th one – made even more special by the amazing birthday cakes that [Free Cakes for Kids](#) donated to us – and we couldn't be happier that it was also a record breaker.

This was made possible by our super-generous sponsors for the evening, [Lookers Volkswagen Morden](#), [Cheam Financial Planning](#) and [Sainsbury's](#). Due to their extra large donations for Soup 10 we were able to start off the evening by adding £300 of sponsorship money to the pot. Thank you so, so much to all of them. And thank you also to the Bishop of Croydon, Jonathan Clark, the Mayor of Sutton, Councillor Steve Cook, and the Mayoress Pauline Cook who attended their first Soup – we very much hope you enjoyed it as much as we did!

Here's a recap of who pitched:

- [Lighthouse](#) – Jason from Sutton Vineyard Church told us all about their new project running out of the old Dolphin pub and the great work they do there.
- [Look Good Feel Better](#) – Charlotte and Luisa pitched for this charity, running sessions at the Royal Marsden, that helps women and teenagers manage the visible side effects of cancer treatment.
- [9th Carshalton Scout Group](#) – Sarah, a passionate volunteer for the Scouts, wanted funds to help celebrate the group's 85th birthday by taking the children to camp.
- [Social Orchards](#) – Robert runs this community planting scheme that wants to create an accessible 'food forest' along the banks of the Wandle.

It was a very close race indeed but the winning pitcher in the end was the girls from Look Good Feel Better, who were thrilled with their mega £1067.20. They will of course be coming back to see us in October.
