INTRODUCING NEW PRODUCTS

The Kingsman, our standard six-foot curved bar, boasts 144 different configurations simply by selecting three major components. This bar is elegant, practical, and versatile, allowing you to choose from various countertop designs, solid wood corners, and leather panels. This flexibility ensures a perfect match for your favorite room or outdoor patio.

The Crown, the epitome of versatility and style in a four-foot straight bar design. Designed specifically to address customer suggestions for a smaller footprint, it is crafted with the same features found in our original curved bar. Mix and match components to create a bar that reflects your unique taste and personality.

EXPERIENCE THE PRIDE OF OWNERSHIP

Introducing Bar U Topia, located at 318 Burke Drive, Morganton, NC. Christopher Price spearheaded this project in conjunction with his manufacturing operations at Fence Quarter, LLC., a renowned outdoor product manufacturer. Our journey commenced with the inception of bar prototypes in November 2022. As the product matured through rigorous testing and innovative production methods, we have crafted a market-ready product with unique selling points bound to pique your interest.

Embrace the allure of Bar U Topia with its signature curved aesthetic, complemented by a lightweight yet robust bar top engineering, seamlessly integrated power chord chases for direct power access, and an array of versatile accessories. Our designs epitomize flexibility, allowing you to effortlessly harmonize bar colors with your evolving décor preferences, enabling a dynamic transformation of your outdoor space to mirror your unique style and mood.

At Bar U Topia, quality is paramount. Our manufacturing process exemplifies excellence, utilizing only the finest lumber and premium materials for countertops and leather panels. This ensures a fusion of sophistication and durability in every creation. Join us in redefining outdoor entertainment with Bar U Topia, where innovation meets timeless elegance

STUNNING HOME ENTERTAINMENT BARS

Artisan designs for accentuating outdoor spaces that inspire home entertainment. These bars reflect a harmonious blend of timeless design and functional craftsmanship.

DO IT YOURSELF BAR KITS

With a generous bar surface, our curved bar kit is elegant, practical, and easy to assemble. Choose from various countertop designs, solid wood corners, and leather panels to match your favorite room or outdoor patio.

DETAILS

Artisan designs for accentuating outdoor spaces that inspire home entertaining. These bars reflect a harmonious blend of timeless design and functional craftsmanship.

Bar U Topia will transform your bar dreams into reality, from conceptualization to production to your doorstep. Our team of experts will work closely with you to ensure your unique vision is brought to life in a bar that surpasses your expectations.

Stunning Home Entertainment Bars

The custom designs shown here illustrate our craftsmanship and exemplify bars manufactured to order. These examples can be replicated, or our team of experts will collaborate closely with you to ensure that your ideas are combined into a unique design. Once approved, skilled craftsmen will use the highest-quality materials to produce your custom bar. These home entertainment bars are designed to be outdoors but should be kept out of the direct weather, underneath a covered patio or porch. We have a heavy-duty, weatherproof fitted cover offered as an accessory. Covers for custom bar designs must be ordered when the final approval drawing is approved for production.

ACCESSORIES

Weatherproof Cover

Wheels

Leveling Feet

LED Accent Lights

Wine Glass Rack

Sliding Drawer

THE EXECUTIVE

Hand crafted using Alaskan Yellow Cedar, which is naturally resistant to weather, rot, termites, and corrosion from acid solutions. The design of this bar makes a statement wherever it is used.

Stunning Home Entertainment Bars

The shelf maintains the rustic look of this custom design. Standard height is 17-3/4" on the bottom and 13-3/4" on the top. A lockable cabinet is available for the bottom shelf.

DIMENSIONS

Top bar shelf height: 43-1/2"
Top working bar height: 38-1/2"
Length: 57"
Depth: 26"
Bottom shelf height: 17-3/4"
Top shelf height: 13-3/4"
Weight: 256 lbs

This design features a top with a UV epoxy resin that resists discoloration, trimmed with aluminum molding. The top is 57" wide x 26" deep x 43.5" height.

FEATURES

Locking wheels
UV sun resistant epoxy top
Trimmed in aluminum molding
Alaskan Yellow Cedar slats known for its durability, strength, and workability; is moderately heavy, with a light-yellow color, fine texture, and straight grain. The bar frame and shelves are treated with multiple coats of protective sealer.

THE SHE SAID

The “She Said” bar is a bespoke bar design meticulously crafted to evoke a sense of mystery, and allure. The bar itself is a statement of our design expertise, a focal point that commands attention when you walk into the room. Behind it, shelves are adorned with an impressive array of spirits, each carefully selected to offer a journey through the world of fine cocktails and libations. “She Said” is not just a bar—it is a sanctuary for those who seek a moment of escape, a haven where the art of mixology meets the art of living.

Stunning Home Entertainment Bars

This design incorporates a generous bar top measuring 64" x 32". It was produced using solid oak surrounded by a Jobillo hardwood with a pickled finish that accentuates the rustic look.

DIMENSIONS

Top bar height: 41-3/4"

Length: 64" / Depth: 32"

Bottom shelf height: 15-1/2"

Top shelf height: 19-1/2"

Weight: 248 lbs.

FEATURES

Locking Wheels

Leveling Feet

Removable Shelf

Bar frame treated with protective sealer

THE WAIKIKI

Created using premium materials, this Tiki Bar is a unique blend of durability and style. Its meticulous design ensures it will be the focal point of any outdoor summer gathering. The corners and trim, crafted from African Teak, a hardwood, add a touch of elegance. The top, treated with a special patina effect, contrasts harmoniously with the surrounding trim. Encircling the top is faux bamboo made from Alaskan Yellow Cedar, a wood known for its exceptional durability against weather and insects, ensuring a unique and enduring beauty.

DIMENSIONS

Bar shelf height: 46"

Length: 73"

Depth: 20"

Bottom shelf height: 20-3/4"

Top shelf height: 18"

Weight: 249 lbs.

FEATURES

Locking Wheels

Leveling Feet

Removable Shelf

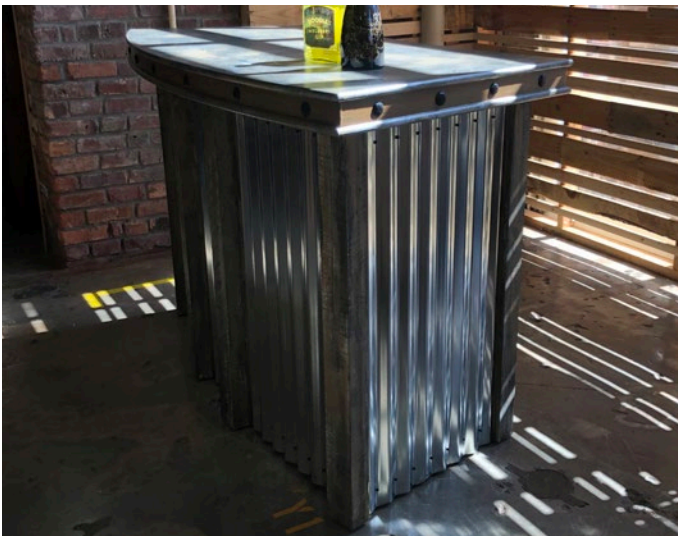

LED Tiki Torches

Bar frame treated with protective sealer

THE SAM

Crafted from premium materials, “The Sam” features an elegant acrylic bar top, complemented by corrugated metal roofing panels and carefully selected reclaimed wood pallet pieces. Our design expertise shines through in this fusion of elements, resulting in a stunningly simple yet sophisticated rustic aesthetic. Meticulously crafted, “The Sam” guarantees to captivate attention as the centerpiece of any event.

Stunning Home Entertainment Bars

DIMENSIONS

Bar shelf height: 43-1/2"

Length: 73"

Depth: 20"

Bottom shelf height: 20-3/4"

Top shelf height: 18"

Weight: 252 lbs.

FEATURES

Leveling feet

Removable interior frame panels

Stainless steel hardware

Removable bar top for transportation

Channel for a power cord

Plastic shelf protectors

THE STATESMAN

This design is produced using Reclaimed Oak with a special process applied before use. The countertop is produced using Jabillo, which has a two-layer design and a UV epoxy finish. Jabillo was selected specifically for its curved grain, which complements the curve on the front of the bar. The major components are mechanically fastened, eliminating the use of glue. This stunning piece is hand-crafted with durable Alaskan Yellow Cedar, making it resistant to rot and pests.

Stunning Home Entertainment Bars

This design features an LED accent strip, producing a neutral white light along the front and variable RGB shades along the back. A built-in drawer contains the light control and a cell phone charging port. A power outlet is located beneath the top, accommodating power supplied from your own extension cord. The countertop, frame panels, and rear shelf are easily removed for ease of transportation. This versatile piece of furniture can easily serve as a home entertainment bar or an office reception piece showcasing your sense of style and sophistication in a blend of timeless design and functional craftsmanship.

DIMENSIONS

Top bar height: 41-3/4"
Top working bar height:
38-1/2" Length: 73"=6'
Depth: 20"=1'-8"
Bottom shelf height: 20-3/4"
Top shelf height: 18"

FEATURES

Reclaimed Oak
UV sun-resistant epoxy top produced from jabillo hardwood with a natural curved grain
Standard features include a wine glass rack, leveling feet, bottle opener, and weather-resistant coating

THE KINGSMAN

The Kingsman is a standard six-foot curved bar with 144 distinctive aesthetic designs by selecting different combinations of the three major components. This bar is elegant, practical, and versatile, allowing you to choose from various countertop designs, solid wood corners, and leather panels. With various colors for the countertop, corners, and leather panels for the façade, this flexibility ensures that it will perfectly match your favorite room or outdoor patio. The Kingsman is a perfect example of adapting a standardized product to a buyer's preference.

STANDARD FEATURES FOR CUSTOMIZATION

1. Select your countertop
2. Choose the leather color
3. Pick your corner style

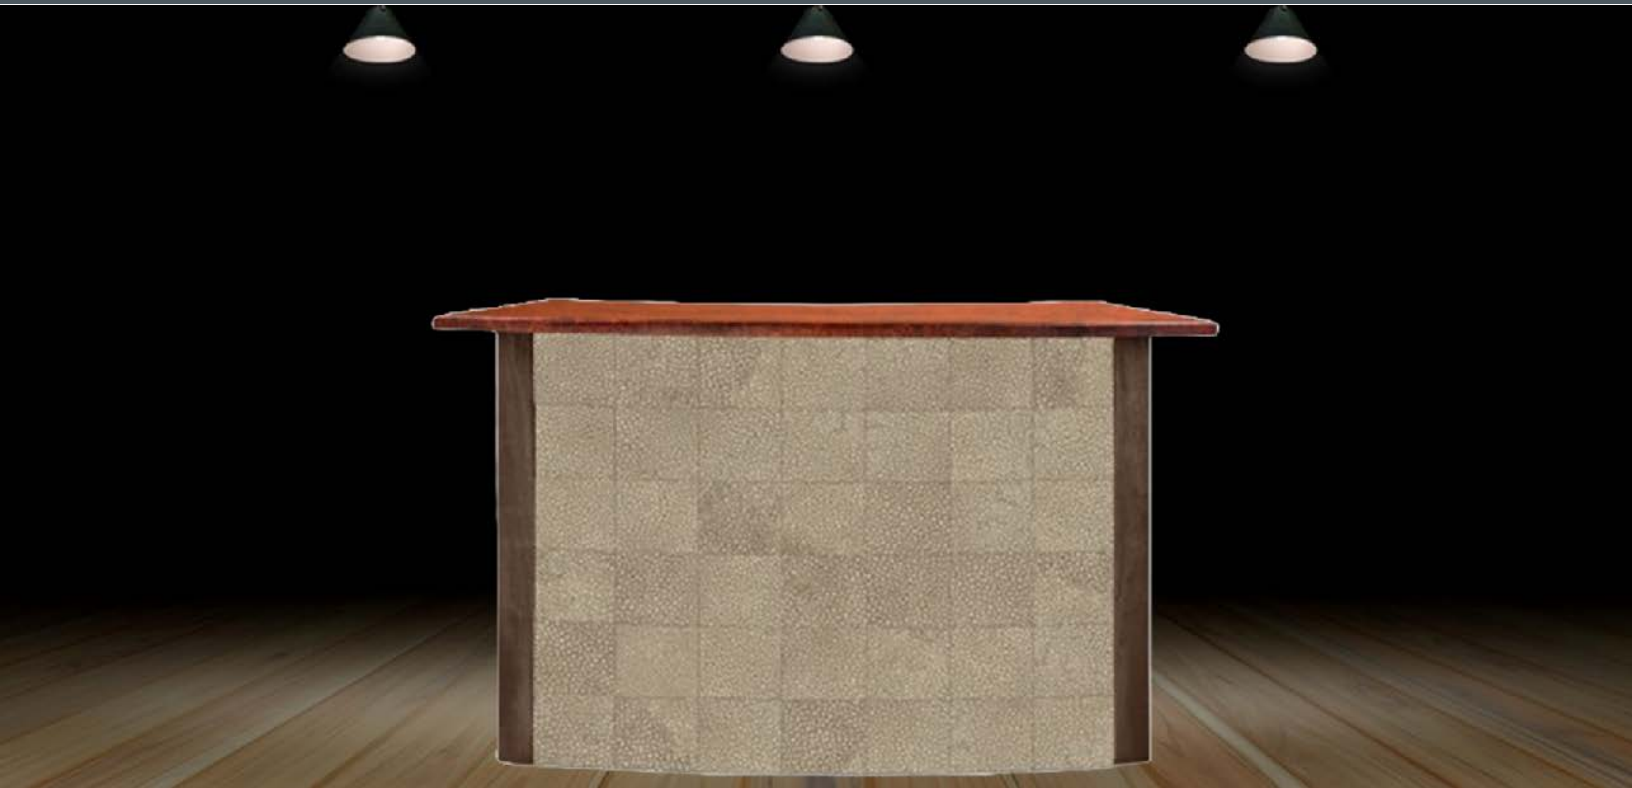

DIMENSIONS

6' Curved Bar 74" Length x 44" Height x 34" Deep

Weight: 248 lbs.

THE CROWN

The Crown epitomizes versatility and style in a four-foot straight bar design. Designed specifically to address customer requests for a smaller footprint, it is crafted with the same features found in our larger curved bar. Mix and match components to create a bar that reflects your unique taste and personality. The Crown is available in a Do-It-Yourself Kit (DIY) or fully assembled and ready to use. Choose from various countertop designs, solid wood corners, and leather panels to match your favorite room or outdoor patio. With such a variety of colors, this flexibility ensures a perfect match for your favorite room decor or outdoor gathering space.

DIMENSIONS

4' Straight Bar 52" Length x 44" Height x 34" Deep Weight: 225 lbs.

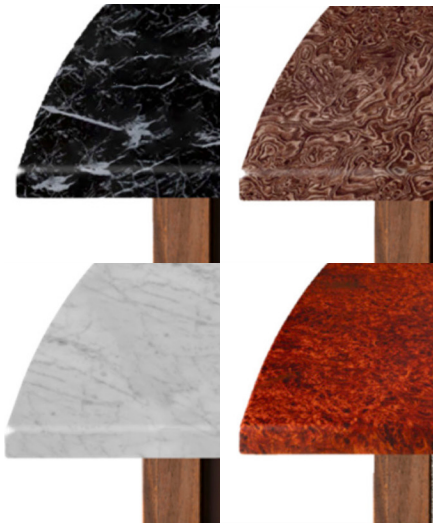

Available as Do-It-Yourself Kits

Our New Designs can be ordered as a Do-It-Yourself Kit (DIY) or fully assembled and ready to use. Choose from various countertop designs, solid wood corners, and leather panels to match your favorite room or outdoor patio. A complete catalog of all the selection options can be viewed online or in a brochure format upon request.

3 Ways to Customize

Personalize Your Bar: Yours to Customize, Yours to Enjoy.

1. Select your countertop. 2. Choose the Leather color 3. Pick your corner style.

1. BAR TOPS

Our bar tops are produced with durable exterior plywood that is waterproof. The tops are finished using automotive primer, design colors, and an automotive topcoat by hydro-dipping.

2. LEATHER TILES

The leather tiles we use are stain-resistant and can shed moisture. We recommend you protect the bar with a fitted outdoor cover to maintain its pristine condition.

3. CORNERS

All corners are produced using Mahogany or Teak wood. Either species provides durability and can be finished in your choice of color options.

MATERIALS USED

Bar Tops

Our bar tops are produced with durable exterior plywood that is waterproof. The tops are finished using automotive primer, design colors, and an automotive topcoat by hydro-dipping.

Indoor / Outdoor Use

All bars utilize exterior parts, including stainless steel hardware. The sheet metal is powder-coated with an exterior finish.

Leather Tiles

The leather tiles we use, sourced from Italy, are luxurious and practical. They are stain-resistant and can shed moisture. However, they are not intended to be saturated in water for extended periods, which may compromise the adhesive. We recommend placing the bar under a covered patio or protecting it with a fitted outdoor cover to maintain its pristine condition.

Corners

All corners are produced using Mahogany or Teak wood. Either species provides durability and can be finished in your choice of color options.

SUSTAINABILITY

Bar U Topia believes in sourcing materials that will provide lasting use for our bars. We adhere to animal sustainability and replenishable lumber while protecting our environment.

Materials that Last

Our bars are designed to last a lifetime using exterior-grade materials and stainless-steel hardware. This further mitigates the need for wasted resources to replace rusted or otherwise damaged parts.

Animal Sustainability

We use leather exclusively from Carroll Leather, a company committed to best practices, including sustainability.

Replenishable Lumber

Whenever possible, we use reclaimed lumber. Any additional lumber is sourced from trees in reforestation programs.
