

# DIAMOND BRITE®

EXPOSED AGGREGATE POOL FINISHES

*The Leader in Quality  
Swimming Pool, Spa  
& Fountain Finishes*

*There's more to a great pool finish  
than meets the eye...*

A great pool finish is durable, comfortable, easily maintained and enhances your poolscape environment. Diamond Brite from SGM is all that and more.

Diamond Brite combines natural quartz aggregate, polymer-modified cement and non-fading Diamond Quartz in a stunning variety of colors. The result is a unique finish that stands up to the harshest pool environments while providing years of enjoyment.

**SGM** SWIMMING  
POOL, SPA &  
DECK FINISHES

Diamond Brite's dynamic, factory blended finishes and simple maintenance feature makes it well suited for fountains and spas, as well as other water features. Its insoluble quartz aggregate is unaffected by the harshest pool chemicals and resists permanent staining. The Diamond Quartz accent colors won't rust, rub off or fade like other colored aggregates because our coating technology produces a tough, permanently bonded color aggregates. Additionally, the accent colors in Diamond Brite give the surface a variegated appearance, masking the slight imperfections that are readily apparent in traditional finishes. You'll also have an added sense of security knowing that your pool is comfortable to the feet and slip resistant.
