

DRINKTANKS®

2025 CATALOG

CHEERS TO THE GOOD LIFE!™

DrinkTanks® started in 2013 in Bend, Oregon, where craft beer is more of a lifestyle than just something you casually drink. Bend residents are also an extremely active bunch, so we saw a growing demand for premium craft beer containers that could withstand an adventurous, beer filled lifestyle. So we sought out to create a complete growler system that would prevent sacrificing beer quality for mobility – reducing the need for cans and bottles that often end up in landfills or littered.

Today, DrinkTanks® makes premium growlers, CO₂ dispensing equipment, cups, barware, and other premium beverage accessories. With products designed to keep up with your active lifestyle, customers never compromise on flavor or quality, no matter where life's adventures take them.

ANYTIME. ANYWHERE. ALWAYS ON TAP.™

Our growlers have airtight and leak-proof seals, maintaining carbonation for up to 30 days. Our premium Craft Growlers feature our unique dual-bail closure system and can be used with our Kegulator™ system for CO₂-driven dispensing.

Flavor Integrity

Our Craft Growlers are uniquely passivated – ensuring no imparted flavors, as well as removing all free irons, preventing rust, and eliminating any metallic taste.

PRECISION CRAFTSMANSHIP

Our goal has always been to create useful products that work anywhere, any time. But just in case, all DrinkTanks stainless steel products carry a no-hassle lifetime warranty.

KEEP THE OUTSIDE OUT

45 HOURS COLD // 24 HOURS HOT

Our double-wall vacuum insulation, 3/4" cork insulated cap, and patented dual-bail closure maintain internal temperature and eliminate condensation in any situation.

THE CLEANING LINE

A CLEAN GROWLER IS
A HAPPY GROWLER.

TANK POWDER

Our all-natural Tank Powder is specially formulated to renew our stainless steel products to their original glory. Our eco-friendly, USA made, and biodegradable cleaning powder removes all leftover residue and odor from previous growler fills.

- Cleans up to ten 64 oz growlers
- All-natural and biodegradable formula
- Great for cleaning any stainless steel vessel

TANK BRUSH

The perfect addition to any growler enthusiast's arsenal. Made from all-natural materials, anchored by a sturdy bamboo handle, firm yet scratch resistant sisal brushes, and a long neck specifically designed for those hard to reach places inside your growler.

- 18" length for cleaning large growlers
- Made from all-natural materials
