

CHENILLE FOR HEADWEAR

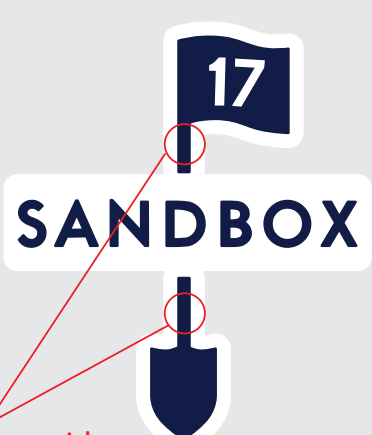

details too small for chenille,
so embroidery is used

requires a background
and satin stitch
*most blue is chenille except
details in club head and top of flag
*red circle and R are embroidery
with white chenille background

requires a background
and satin stitch
*all details can be chenille

under 3mm wide

would avoid as all main
details are too thin (less than 3mm)
for chenille
