

**DRINKTANKS®**

2026 SPRING CATALOG

# CHEERS TO THE GOOD LIFE!™

DrinkTanks® started in 2013 in Bend, Oregon, where craft beer is more of a lifestyle than just something you casually drink. Bend residents are also an extremely active bunch, so we saw a growing demand for premium craft beer containers that could withstand an adventurous, beer filled lifestyle. So we sought out to create a complete growler system that would prevent sacrificing beer quality for mobility – reducing the need for cans and bottles that often end up in landfills or littered.

Today, DrinkTanks® makes premium growlers, CO<sub>2</sub> dispensing equipment, cups, barware, and other premium beverage accessories. With products designed to keep up with your active lifestyle, customers never compromise on flavor or quality, no matter where life's adventures take them.

**DRINKTANKS®**

## TECHNOLOGY

Key Product Features

# ANYTIME. ANYWHERE. ALWAYS ON TAP.™

Our growlers have airtight and leak-proof seals, maintaining carbonation for up to 30 days. Our premium Craft Growlers feature our unique dual-bail closure system and can be used with our Kegulator™ system for CO<sub>2</sub>-driven dispensing.

### Flavor Integrity

Our Craft Growlers are uniquely passivated – ensuring no imparted flavors, as well as removing all free irons, preventing rust, and eliminating any metallic taste.

**TECHNOLOGY**
