- Stable & easy to display sizes chosen
- Adjustable

The OTG|247 Nudie Tote

- Gives visual example of an organized tote
- Trim is the same water-resistant material as liner of the bags

Straps

- Straps can easily get messy when hanging outside of the bag, we recommend to keep the straps inside it's corresponding bag
- For the #1, a t-stand is a clean look with the long strap inside
- For the #6, #7 & #9, a floor t-stand is also a clean look

Hangtags

- The hangtags will be attached to the inner tag of our bags with a cord and will arrive on the outside of the bag
- For a clean look, we suggest tucking the tags into the inside of the bags
