

HOW TO: VISORS, BUCKETS, CAPS

Each of our style types has different width/height tolerances.

These styles typically require separate tapes due to the height/width tolerances. ACE will not allow you to put all product classes within the same section because of this.

Example: X210P and 1371 cannot be combined in the same section.

If you are trying to add a new style in a different product class, and the style is not showing, please select “[+Add New Section](#)”

Most common styles and tolerances:

	Shape	Factory	Program	Front	Side	Back	Concerns/Comments
X210P	Jockey	Mainland	DOM/IMP	4.3" W x 2.25" H	2.5" W x 1.75" H	4.5" W x .875" H or 1.5" W x 2" H
