Data Center proposed for Coweta

Excerpts from the Broken Arrow Sentinel article on 10/28/2025. "Beale Infrastructure, the company proposing to build a large data center in Coweta, said Monday it is evaluating plans to use water from the Verdigris and Arkansas rivers and the site could consume as much as 400 megawatts of electricity annually. The primary driver of water use is the cooling system to be used for the data center, and that is still under evaluation. For industrial water, Beale is working with City of Coweta and RWD5 on studies to source water from the Verdigris and Arkansas Rivers. The zoning application proposes a maximum noise limit of 65 decibels." The entire article is linked below.

Did you know?

City of Coweta notice dated 10/17/2025.

The Muscogee Nation will be widening E. 131st between HWY 51 and S 289th E. and adding curb & gutter to the road. The road will be closed to through traffic beginning 10/20/2025. The closure is expected to last until the end of the year. We apologize for any inconvenience while this improvement is completed. We have confirmed the closure will not affect school bus routes.

Explore your roots with Broken Arrow Genealogical Society

People interested in researching their family history often start their search online, but what residents may not know is that local, in-person help is available at the [Broken Arrow Genealogical Society](#), located within the Museum Broken Arrow, at 400 S. Main St.

The Genealogical Society's services are free to the public and are not limited to Broken Arrow-related research.

The Wagoner County Clerk is now offering fraud alert notifications through the county website at no cost to the citizens of Wagoner County

Enroll today!

→ Wagoner County property owners may register for Eagle Fraud Guard at <https://wcerecording.com/web/>

Did you know Wagoner County offers a free alert service called Eagle Fraud Guard? "According to the FBI, property and mortgage fraud is the fastest growing crime in America, costing property owners over \$200 million in 2020 alone. It is as simple as someone recording a fraudulent document against your property, making it appear as though they own it. Then they obtain a mortgage against the property and the rightful owner does not usually find out until they receive a notice of foreclosure."
