# Why Proficiency Testing?

Proficiency Testing acts as a critical tool for ensuring quality of analytical testing services. Participation in PT programs is mandatory as per ISO 17025:2017 Clause no.7.7.2. It is the ideal tool for evaluating and establishing competence of labs. Envirocare Labs Pvt. Ltd. PT Cell offers PT programs in diverse Product Groups as per NABL 120 like Food & Agricultural Products, Environment & Pollution, Drugs & Pharmaceuticals, Animal Feed & Biocides. Testing labs from across the globe especially from developing nations can participate in our extensive, cost effective, NABL accredited PT programs.

## Benefits of PT participation:

- Meeting Regulatory Requirements as per ISO/IEC 17025
- To establish competence
- Helps benchmarking with National & International Labs
- Helps evaluate analysts and methods
- To gain customer confidence & trust
- Continual improvement

### PLEASE NOTE

- Check **terms & conditions, PT Protocol, FAQs & scope of accreditation** from our website. Clarify any doubts prior to registration.
- PT scheme can be run earlier/postponed or two schemes may be merged
- A parameter can be removed/added in a scheme or range of testing may be varied at the time of running this may be due to operational reasons; new developments; due to nature of product or matrix; homogeneity or stability issues and or reasons beyond control. **Decision of PT provider in this regard is final.** Participants are informed as applicable.
- As per **NABL 163**, frequency of PT Participation shall be sufficient to ensure that major sub-groups, analyte and materials/matrices in the scope of accreditation are covered over a two-year period (irrespective of the size of the scope of accreditation).
- For our scope, visit our website: <https://proficiencytesting.in>

**Kindly consider PT Calendar as Quotation, on submission of registration form the proforma invoice is sent. Payment terms is 100% advance.**
