

## Project Planning Breakthroughs

---

### Who Should Attend:

- Anyone, novice or veteran, who manages, supports or initiates projects.

### What to Expect:

- Participants will actually plan and work in teams to complete four case study projects of increasing scope and complexity.

### Format:

- A 3-day workshop using the case study projects to implement theory and techniques for success.

### Tools Provided:

- Participants receive a comprehensive Learning Guide, a complete Project Planning Kit and the text-book 'Making it Happen - a Non-Technical Guide to Project Management'.
- Enrollment in our monthly LearningLink e-newsletter

## At a Glance

Imagine a process that can be immediately understood and successfully used by the whole team, regardless of how diverse the people, their locations, their departments, or the disciplines involved.

### Immediate Benefits:

- Develop a complete and comprehensive Objective Statement; the foundation of a successful project
- Create a detailed Execution Plan using a unique process called Objective Driven Logic applied to a Time-Scaled Dependency Chart
- Apply a simple, yet powerful method to resolve complex resource constraints
- Calculate a detailed Budget and Cash Requirement Projection
- Integrate contingency planning through "Scenario Estimating"
- Determine where and when to best apply project management software
- Bring final closure to the project through the application of a 3-level review process
- Visually communicate the project
