

Core Books at Rothesay Nursery School

What are core books?

- 7 very familiar books that the children will have explored, in detail, over the course of a year (joining in, retelling, role playing, linking to other texts, developing favourite authors etc)
- Always available in class (and copies on website of the books being read by staff)
- Several copies per class for children to share together
- Corresponding resources available to role play/small world the stories
- Will be revisited every term as a language group book (3x a year)

Why have these books been chosen?

- They are high quality texts
- They provide multiple opportunities for learning and are current
- There are other books that can be linked to them, to broaden experiences and deepen knowledge and understanding of concepts
- They each link to each area of the curriculum
- They are books that we know children enjoy and like to revisit
