

Negaunee Lake Association

To improve and protect the property of its members

Winter Newsletter, January 2020

www.negauneelake.org

Important Dates for 2020:

May 9th - Spring cleanup (backup date for weather contingency 5/16/20)

July 4th - Annual meeting

TBD in October - Fall cleanup

This year's fall cleanup was a success! Thank you so much to everyone who helped with their time, equipment, and labor. Doing this cleanup ourselves and not hiring someone helps to save all of us roughly a **THOUSAND DOLLARS!** In addition to saving money this is a great way to get to know your neighbors. Please mark your calendars for 2020 and come join in the effort.

Safety:

Please remember this is a spring fed lake while pursuing your winter activities; it can be dangerous to be on the lake, especially if snow covered. 4-6 inches of ice are recommended by the MDNRE for ice fishing and remember snowmobiles have gone through the ice in past years!
