## Safeguarding Children with Special Educational Needs and Disabilities (SEND)

Our next course is online on:

Monday 24<sup>th</sup> June  
9:30 – 15:30

£175pp

### Why choose us?

- ✓ Over 20 years' experience in leadership, education and training.
- ✓ Enhanced DBS checked.
- ✓ Measurable impact through feedback / questionnaires.
- ✓ Online delivery available using a variety of platforms.
- ✓ DfE assured trainers for mental health courses.
- ✓ Bespoke packages to suit the needs of your staff, pupils and organisation.
- ✓ Variety of services providing ongoing support and developing strong partnerships.

This is a one day course which is delivered online by live experienced trainers and school leaders.

The course covers:

- Understanding the importance of learning how to safeguard children with disabilities.
- Understand the current legislation, guidance and context relating to disability and safeguarding.
- Understand the reasons why children with SEND are more likely to be abused than their non-disabled peers including the concept of created vulnerability.
- Understand the signs and indicators of abuse presented by children with disabilities and how these may be different to those presented by children without disabilities.
- Understand the vulnerability of children with disabilities to criminal or sexual exploitation.
- Know how to respond appropriately if you have a safeguarding concern about a child with disabilities and what to do if you need to talk to the child or family.
- Understand ways to work in partnership with parents of disabled children to ensure the child is safeguarded from harm.

All our courses can be delivered to larger cohorts face-to-face or online

### Our Services:
