WELCOME TO SEED & WILD

Congratulations on your engagement, I'm so glad you're here!

...and truly honoured that you're considering me to be part of such a special moment in your lives. There's something so lovely about being invited into the plans for a wedding, and I feel incredibly lucky to play a small part in bringing these memories to life through flowers.

I've created this guide to share everything you need to know about working with me, from our first conversation and the design process through to booking and, of course, the day you say "I do."

My hope is that you feel looked after, understood and excited about what we can create together. I'll be here to guide you along the way, help you make decisions when you need a little direction, and take care of the floral details so you can enjoy the process.

I can't wait to hear all about your plans.

Floral Design
ROOTED IN ROMANCE

At Seed & Wild, I specialise in creating beautiful, natural, and enchanting floral designs for weddings across Lancashire and the Lake District. Inspired by the wild beauty of the landscape and the unique love stories I'm honoured to be part of, each arrangement is crafted with intention, care, and heart.

Weddings are at the very heart of what I do, it's all I do, which means my time, creativity, and attention are completely dedicated to making your floral vision a reality. From our first conversation to the final petal placed on the day, I'm here to support you every step of the way.

Whether you need guidance throughout the planning process or prefer to hand over the reins entirely, I'm here as much or as little as you need. As a full-service wedding florist, I offer delivery, on-the-day setup, turnaround between ceremony and reception spaces, and a full takedown service if required. So you can relax and enjoy every moment.

Your Journey
WITH SEED & WILD BEGINS HERE

Planning your wedding flowers should feel exciting, not overwhelming — and at Seed & Wild, I'm here to make it beautifully simple from the very first step.

1. Enquire
Getting in touch is easy. Whether you're working with a planner or planning everything yourselves, you can reach out via the enquiry form on my website or send an email directly. I'll confirm availability and send over a few options to book in your complimentary Zoom consultation.

2. Consultation
Your consultation is a relaxed, creative space for us to chat about your day. We'll explore your vision, the mood you want to create, and the floral elements that matter most to you. I'll offer guidance tailored to your style and ideal spend, helping bring your ideas to life.

3. Your Personalised Quote
Following our chat, you'll receive a beautifully curated quote, complete with a bespoke mood board, style suggestions, and colour palette inspiration. Whether you know exactly what you want or need a little direction, this will give you everything you need to make your floral decisions with confidence.

enquiry

"The only way I can describe Chelsea is that she is the best friend you want to have with you on your wedding day.

From our first zoom meeting, I knew I wanted Chelsea to be the florist for our wedding. Her friendly, bubbly demeanour combined with her immediate understanding of my colours and flower ideas was a perfect match. She's exactly the person you want supporting you on your most magical day"

Alexandra & Stuart

What Happens Next?

Once your date is secured with a booking fee, we'll keep in touch and continue building your floral vision together. You'll also receive access to our shared Pinterest board, where you're free to pin any inspiration that catches your eye, I love seeing your ideas take shape.

If I haven't worked at your venue before, I'll arrange a site visit to get a feel for the space. This helps ensure everything flows beautifully on the day, both in design and logistics.

I'll also connect with your wedding planner or venue coordinator to stay aligned on timings and the overall run of your day. Clear communication means you can relax, knowing everything is in hand.

We'll stay in close contact along the way in case anything changes or if you'd like to make additions to your plans. Then, around six weeks before your wedding, we'll sit down for a final meeting to go over every detail, from timing to setup. It's the perfect moment to ask any last-minute questions and tie up any loose ends.

If this feels like just what you're looking for, I would absolutely love to hear from you.

With love,
Chelsea

the planning

"I don't need to tell you how stunning Chelsea's florals are, the photos of them can tell you that themselves!

But what I need to say is Chelsea is the most beautiful human inside and out. I completely did a u-turn from our initial floral idea and Chelsea did not hesitate to help me with the idea and bring it to life. Her attentiveness and communication through the whole process were also second to none. Thank you so much for being such a dream on my wedding morning, I was absolutely beaming when I spotted the cascading arrangement of hydrangeas! And for all the support throughout!

Chelsea, we are so bloody grateful for you!
Big love

Mr & Mrs Bentley

Love in Bloom Weddings

frequently asked

Which areas do you cover?
I am a Lancashire & Lake District Wedding Florist. I provide floral design to my wonderful couples throughout the North West of England, this includes the Lancashire, Lake District, and sometimes Cheshire area. However if you think I'm the right florist for you and your venue is further afield, please do get in touch!

Do you offer fresh florals only?
Yes. Put simply I don't believe anything can rival the look and feel of fresh florals. And my couples agree!

Do you have a minimum spend?
Yes, for Friday, Saturday or Sunday weddings my design fees start from £1500.

Do you provide wedding packages?
No. As a bespoke service I believe that every wedding should be unique, my designs are inspired by my couples, getting to know you and what you really love is very important to me and I couldn't do that with an "off the peg" package.

How do we book a consultation, and can we book an evening consultation?
You can book your consultation by filling in the enquiry form found on my enquiry page. I will then get back to you to organise your consultation at a time that suits. Consultations usually take around 1 hour and are held over zoom or phone call. I understand that most people work during the day so I am happy to accommodate evening consultations if needed.

Do you work with British Flowers?
It is important to me that I always offer the very best floral bounty I can. During the British growing season I use many local flower farmers and growers for the freshest and prettiest flowers, this is also supported by using British flowers grown further afield and from the Dutch flower markets too.

I don't know exactly what I would like, can you help me realise my vision?
Absolutely! I'm always happy to assist my couples in deciding on their floral design. If you need a little inspiration or just a second opinion, I'm always happy to help!
