Subject: Officer Safety and Vigilance

Dear Members,

In light of recent events, we want to take this opportunity to share a memo from our fellow OPPA President and urge all our members to take extra precautions.

Policing remains an unpredictable profession, and moments like these serve as a difficult reminder of the risks our members face each day. Please stay vigilant, watch out for one another, and take the time to prioritize your safety and well-being.

Stay safe,

Kip McKenzie
NFNPA President

Member Advisory: Officer Safety and Vigilance

We write tonight with additional information regarding the tragic on-duty death of a Service de Police de la Ville de Montréal officer this afternoon. Our thoughts continue to be with the fallen and injured officers, their families, and colleagues.

In a memo issued by the OPP, Commissioner Carrique indicated that a CPIC message was shared with the OPP by the Montréal Police Service, advising that a 105-page manifesto, reportedly originating from Alberta, is allegedly encouraging citizens to shoot police officers. After further review by the Montréal Police Service, it is believed that the manifesto does not indicate any connection to other groups or events in additional cities and was limited in scope to Montréal. The OPP's Provincial Operations Intelligence Bureau (POIB) is engaged to investigate this threat, and more information will be shared by the OPP once it becomes available.

Please remain vigilant while on duty. Double up where possible and be aware of your surroundings.

President David Sabatini & the Board of Directors
OPP Association
