Subject : Recognition of Outstanding Support and Excellent Team Work

Dear Mr. Joseph Diaz,

Today we take pride in being adjudged the number one Rig for performance across a vast and varied assortment of rigs that work for Aramco. This accomplishment takes even more importance when considering that this distinction has been achieved amongst as many as 205+ competing rigs.

It is our belief that this success and distinction would not have been garnered without your able leadership, successful team building, readiness to assist and the genuine desire to make this rig worthy of the accolades that it deserves.

With your remarkable inputs to the Arabdrill 60, the operational performance has been steadily moving upwards to the current number one position in a remarkably short span of time. This has been achieved through your readiness to share your vast technical knowledge, discuss issues beyond operational, adaptability and team spirit.

Your visible commitment in matters HSE and operational has managed to motivate our crews. Your valuable coaching and mentoring has nurtured a cohesive team in the Arabdrill 60 that has made the aforementioned distinction of being the number one rig in Aramco's fleet a reality.

In conclusion, we would like to express our genuine and sincere thanks for being our Aramco Senior Foreman, even though the road to this glory has been fraught with trials and tribulations.

We are the number one rig in many fronts as per Saudi Aramco evaluations and we definitely owe it to our excellent teamwork shaped by you and our able ADC crews in many more ways than we can express.

As ADC, we are committed to serve yourself and Saudi Aramco to the best of our capability to take this rig to the next level in HSE and Service Quality to be the most prominent Drilling Contractor.

Best Regards,

Erdal Tuzunoglu
ADC-60 Rig Manager
