

Grace sits opposite Lu, totally engulfed by his charm.

LUE (CONT'D)

So how are adjusting to life here?

GRACE

Well it's alot to take in, but I'm getting better at it.

LUE

And what do you make of the Most Merciful?

GRACE

I'm not sure, I'm still trying to wrap my head around it. What about you.

LUE

Personally, I think it's all BS. You mean to tell me that some dude who we can't see is running all of this, our entire lives. Even on the other side he has people scared to do anything. Do this and your going to hell, do that and your going to hell. Well maybe hell ain't so bad.

GRACE

(taking back)

What does that even mean?

LUE

I'm just saying, people never consider any version of the story but his version.

GRACE

What other version is there?

LUE

You ever stopped to think that maybe he uses the fear of hell to control you into submission?

GRACE

Well I hear that there is no more  
suffering here and those left  
behind will be comforted by his  
love.

LUE

Says that woman who's mother is on  
the other side crying for her right  
now
