All societies are registered meeting one of two conditions for registration. These are that the society is either:

- a bona fide co-operative society ('co-operative society'); or
- are conducting business for the benefit of the community ('community benefit society').

You must answer the questions set out in in the next section of this form, depending on which condition for registration you meet.

If you are not sure which condition for registration applies to the society please see chapters 4 and 5 of our guidance <u>here</u>.

7.1 Condition for Registration

- ^C Co-operative society
- Community Benefits society

Community benefit societies must answer the following questions in relation to the financial year covered by this return.

7B.1 What is the business of the society?

For example, did you provide social housing, run an amateur sports club etc.

A community shop selling a wide range of daily food and non-food requirements with an associated sub Post Office.

7B.2 Please describe the benefits to the community the society delivered?

Here we are looking to see what the benefits to the community were. Community can be said to be the community at large. For example, did you relieve poverty or homelessness through the provision of social housing.

We provide a Community Village Shop and Post Office for the benefit of the residents in the village of St Germans. The nearest supermarket involves a round-trip by car of 16 miles and there is no bus service at all in the village. The area suffers from sparse rural deprivation, the recent English Indicies of Deprivation 2025, classes St Germans as more deprived than most neighbourhoods in England with 2/3 of neighbourhoods in England being less deprived than St Germans. In the Barriers to Housing and Services section only 2% of neighbourhoods in England are more deprived than the St Germans area.

7B.3 Please describe how the society's business delivered these benefits?

The business of the society must be conducted for the benefit of the community. Please describe how the society's business (as described in answer to question 7B.1) provided benefit to the community.

The Shop is open 7 days a week, provides a focal point for the village, bringing people together and helps to combat social isolation. Customers will pop in for a friendly smile and a quick chat or meet with friends to do their shopping together.

It provides access to employment and volunteering opportunities in the St Germans area. We have a number of retired volunteers who benefit from the connections they make, the structure to their week and the improvement to their mental health.

It supports the most vulnerable residents of St Germans with access to food as well as Post Office services. In the past year a large number of local banks have closed. Fortunately, we are able to offer banking facilities as well as bill payments, topping up meter keys and enabling people to access cash.

The shop stocks food from local supplies and producers thus supporting local businesses.

7B.4 Did the society work with a specific community, and if so, please describe it here?

For instance, were the society's activities confined to a specific location; or to a specific group of people? Please note that in serving the needs of any defined community, the society should not inhibit the benefit to the community at large.

o we serve the whole community.	

7B.5 What did the society do with any surplus or profit?

For instance, did you pay a dividend to members (and if so, on what basis); did money get reinvested in the business; put into reserves; used for some other purpose?

We use any profits to maintain prudent reserves, to make grant payments to local groups supporting members of our community and we spend some of the profit on improving the condition of the shop.

7B.6 Please state any significant commercial arrangements that the society has, or had, with any other organisation that could create, or be perceived as creating, a conflict of interest.

Please tell us how you ensured that any such conflict of interest did not prevent the society from acting for the benefit of the community.

We have no commercial arrangements which could act against the interests of the community we serve.

Officer's Responsibility for the accounts

The society's officers are responsible for the preparation of the accounts, and they consider that the society is entitled to opt out of an audit.

Reporting Accountants' Responsibility

Scope of our review

A review of financial statements in accordance with ISRE 2400 (Revised) is a limited assurance engagement. We have performed additional procedures to those required under a compilation engagement. These primarily consist of making enquiries of management and others within the entity, as appropriate, applying analytical procedures and evaluating the evidence obtained. The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing (UK and Ireland).
